Lessee has, pursuant to that certain Solar Facility Site Sublease Agreement dated January 20 2010 (as modified from time to time, the "**Sublease**"), leased a portion of the Property (the "**Premises**"), to Sublessee for the purpose of allowing Sublessee to install on the Premises

certain equipment more fully detailed in the Sublease, which is owned exclusively by Sublessee (the “**System**”), which System is intended to generate electricity for sale to a public utility and thermal power for sale to the Lessee (or Owner in the event that the Lease terminates for any reason) pursuant to the Energy Purchase Obligations (defined below). The Sublessee has leased, or will lease, the System to FLS Solar 20, LLC, a North Carolina limited liability company (the “**Pass-Through Tenant**”) in order to facilitate the allocation of solar energy tax credits to CCG Energy Partners Fund 29, LP, a Delaware limited partnership (the “**Fund**”) which is an investor member of the Pass-Through Tenant.

- B. Owner, as borrower, has procured a loan in the amount of \$11,100,000 (the “**Loan**”) from Lender, which is secured by, among other things, a deed of trust on all or a portion of the Property (the “**Deed of Trust**”). The Deed of Trust and all other instruments, certificates and other documents executed in connection with the Loan, together with all amendments, restatements, replacements, supplements or other modifications thereof entered into in accordance with the terms of the Lease, Sublease and this Agreement, are individually or collectively (as the context requires) herein referred to as the “**Loan Documents**”.

THEREFORE, The parties agree as follows:

SECTION 1 - SUBORDINATION.

1.1 **Subordination of Sublease.** Subject to the provisions of Section 2 hereof, the Sublease, and all of the terms, covenants, and provisions thereof, and all rights, remedies and options of Sublessee thereunder and any subtenant are and shall at all times continue to be subject and subordinate in all respects to the terms, covenants, and provisions of the Deed of Trust and other Loan Documents, and to the lien thereof, and to all sums secured thereby. If the Sublease is, or has been, executed, delivered, and recorded prior to the Deed of Trust, the foregoing subordination shall apply with the same force and effect as if the Deed of Trust had been recorded prior to the execution of the Sublease.

1.2 **Sole Agreement.** This Agreement is the sole agreement with regard to the subordination of the Sublease to the Deed of Trust.

SECTION 2 - NON-DISTURBANCE; ATTORNMENT; OWNERSHIP OF SOLAR FACILITY.

2.1 **Non-Disturbance of Sublease.** Notwithstanding anything to the contrary contained in the Sublease, so long as (a) no event has occurred which, with the passage of time or the giving of notice or both, would constitute a default under the Sublease (beyond any period given to Sublessee or any other party in the Sublease to cure such default), (b) the Sublease is in full force and effect, both as of the date Lender files a lis pendens, or otherwise commences a Foreclosure (defined below), and at all times thereafter, Lender agrees for itself and its successors in interest and for any other person

acquiring title to the Property through a Foreclosure that the leasehold interest of Sublessee under the Sublease and Sublessee's rights under the Sublease shall not be terminated by reason of such Foreclosure, and the Sublease shall continue in full force and effect and Lender shall recognize and accept Sublessee as tenant under the Sublease subject to the provisions of the Sublease and the Sublease will be recognized as a direct lease between any such transferee and Sublessee. For purposes of this Agreement, a "Foreclosure" shall include a sheriff's sale after judicial foreclosure proceedings, a trustee's sale under the power of sale contained in any Deed of Trust, the termination of any superior lease of the Property including the Lease and any other transfer of the Owner's interest in the Property under peril of foreclosure, including an assignment or sale in lieu of foreclosure. If any action or proceeding is commenced by Lender for the Foreclosure of the Deed of Trust or the sale of the Property, Sublessee shall not be named as a party therein unless such joinder shall be required by law and the Foreclosure or sale is made subject to all rights of Sublessee under the Sublease.

2.2 **Attornment.** Notwithstanding anything to the contrary contained in the Sublease, should title to, possession of or control of the Property or any other interest therein, be transferred to Lender or any other person or entity ("New Owner") by, or in-lieu of Foreclosure, and the Lease terminates, Sublessee agrees, for the benefit of New Owner and effective immediately and automatically upon the occurrence of any such transfer so long as the New Owner shall be bound by the terms and conditions of the Sublease, and upon Sublessee's receipt of written notice from the New Owner that the New Owner has acquired title to the Property, that: (a) Sublessee shall be bound to New Owner in accordance with the Sublease for the remainder of the Sublease term; and (b) Sublessee hereby attorns to New Owner as its landlord without the execution of any further instrument. Subject to the foregoing, Sublessee reserves its rights to any and all claims or causes of action available to Sublessee at law or against such prior landlord for prior losses or damages and against the successor landlord for all losses or damages arising from and after the date that such successor landlord takes title to the Property.

2.3 **Ownership of System.** Sublessee represents and warrants that it is the sole owner of the System, and Owner and Lessee disclaim any ownership rights with respect to the System. Notwithstanding anything to the contrary in the Deed of Trust or any of the other Loan Documents, Lender acknowledges and agrees, for itself and any New Owner, that the System is not part of the collateral securing the Deed of Trust, and Lender further covenants, for itself and any New Owner, that it shall not seek to enforce the lien of the Deed of Trust against the System or any part thereof. The Parties intend that, notwithstanding their method and degree of annexation, their adaptation or application to the underlying realty comprising the Property or its past, present or future classification for purposes of local or state property taxation, the System is and shall remain tangible personal property under the laws of North Carolina and shall not constitute fixtures, that the System is subject to removal from the Property, and title to the System has been and shall remain severed from the title to the Property to the maximum extent permitted by the laws of North Carolina. To the extent that, notwithstanding the intent and agreement of the Parties as expressed herein, all or any

part of the System shall be determined to constitute a fixture, Lender hereby irrevocably disclaims any interest whatsoever in such assets as fixtures.

SECTION 3 - ESTOPPEL.

OWNER AND SUBLESSEE WARRANT AND REPRESENT TO LENDER, AS OF THE DATE HEREOF, THAT:

3.1 **Sublease Effective.** The Sublease has been duly executed and delivered by Sublessee and Lessee and, subject to the terms and conditions thereof, the Sublease is in full force and effect, the obligations of each party thereunder are valid and binding, and there have been no modifications or additions to the Sublease, written or oral.

3.2 **No Default.** There exists no breach, default, or event or condition which, with the giving of notice or the passage of time or both, would constitute a breach or default under the Sublease either by Sublessee or Lessee and neither of them has any existing claims, defenses or offsets against rental due or to become due under the Sublease.

SECTION 4 - ENERGY PURCHASE OBLIGATIONS.

4.1 **Energy Purchase Obligations.** The solar thermal energy generated by the System will be sold by the Pass-Through Tenant to the Lessee pursuant to that certain Solar Purchase Agreement by and between Pass-Through Tenant and Lessee (the "SPA") (the SPA and all of its provisions, are referred to herein as "**Energy Purchase Obligations**"). In the event the Lease terminates for any reason, pursuant to the Lease, Owner has agreed to assume the obligations of Lessee found in the Sublease and the Energy Purchase Obligations.

4.2 **Survivability of Energy Purchase Obligations.** The Owner, Lessee, Sublessee and Pass-Through Tenant intend and agree that the Energy Purchase Obligations shall be binding on all successive owners of the Property for a period commencing upon the placed in service date of the System (which date shall be provided by the Sublessee to the parties when the System is placed in service) and ending on the expiration of the Initial Term or any applicable Renewal Term, provided that the Pass-Through Tenant is not in default of its obligations to supply solar thermal energy from the System to the Owner or other counterparties, as applicable, and provided that the Sublessee has not elected to terminate the Energy Purchase Obligations earlier. Lender agrees, for itself and any New Owner, that the Solar Purchase Agreement shall not be terminated by any Foreclosure.

SECTION 5 - MISCELLANEOUS.
