Discussion was held and BOCC members determined that saying no, or offering to provide a Guaranty in lieu of approval of the deed of trust were not feasible options. The third and best option would be to modify the Line of Credit Agreement or enter into a separate agreement.

County Manager Stamey and Ms. Davis were tasked with obtaining copies of HRMC's most current audit report and business plan for review by BOCC members in closed session. County Attorney Killian will proceed with the third option of drafting a proposal outlining all of the BOCC requirements and then await response from Carolinas.

OTHERS PRESENT: Dale Burris, Facilities and Maintenance Director

GENERAL STATUTE: Attorney/Client Privilege §143-318.11(a)(3)

SUBJECT: Smoky Mountain Center - County Owned Building

DISCUSSION:

Discussion was held regarding the sale of the DSS property. A prorated purchase price based on square footage was calculated by Ms. Davis which would be received in four (4) installment payments.

Mr. Burris was asked to the meeting to provide input on the possible cost of upfitting, as he is familiar with the building and the various renovations which may be required to separate the School Board offices from the remainder of the building. Discussion was held regarding the firewalls and subsequent separation.

From the discussion it was noted that there are still some factors which will require review and resolution prior to completion of sale. These items include:

1. Determining whether or not the other entities (15) involved with SMC have to approve this purchase?
2. Determining the property line/vertical subdivision will be and ensuring that survey is accurate, and,
3. Addressing any concerns/expectations expressed by the Town of Waynesville related to the moving forward of this sale.

Members continued discussion and determined that due to the potential cost involved for the upfitting, County Attorney Killian will draft short term lease that addresses a contract with obligation to close upon completion of the appropriate construction to meet code requirements and includes the surveying of the property. Members discussed whether or not to charge interest on the payments received as it was over a four year period. It was agreed that interest should be charged.

County Manager Stamey will follow up with Town of Waynesville representatives to ensure that they are in agreement with the actions proposed, and to determine what the requirements for this upfitting are, related to various building codes.

DISCUSSION:

County Attorney Killian noted that he received a response from Attorney Stukes on Friday, March 2 related to the proposal submitted by the BOCC following the February 6, 2012 meeting. Carolinas Medical Center (CMC) management agree in principle and would like a formal agreement prepared and presented by March 17, 2012.

Discussion was held and members determined that while County Attorney Killian would draft such a document, the time deadline was not probable, as there could be no action taken before the March 19, 2012 BOCC meeting.

County Attorney Killian will draft the agreement and Vice-Chairman Kirkpatrick will review. Mr. Killian will continue to update the members as new information becomes available.

DISCUSSION:

Discussion was held regarding the sale of the DSS property. Smoky Mountain Center (SMC) is still desires to purchase the property; however, the cost of dividing the building is very prohibitive. The suggestion to lease space to the school board would be the most cost-effective option. Firebreaks can be added related to tennant levels in this instance.

Attorney Killian explained that he had prepared a lease for the Schools which would rescind the earlier lease and responsibilities. He is suspending further work pending a firm offer from Smoky Mountain Center.

County Attorney Killian noted that he and County Manager Stamey had a conference call with Attorney Stukes and Attorney Alan Robertson related to the deed of trust. County Attorney Killian prepared the Conditional Waiver and Subordination of Reverter (CWSR) document with input from attorneys for HRMC and Carolinas as well as Chairman Swanger. Discussion was held, noting specifically section 2 (c) relating to the assignable option. Discussion centered on the timeframe after the initial 6 month option period as to whether another 6 month or another 12 month period would be acceptable. After further discussion, members reached consensus that the term should be stated as a 12 month period.

Mark Clasby was asked to address the members, as a representative of the Hospital Authority Board, and answer questions. Discussion was held related to the financial position of HRMC and the plans being developed to remedy the situation. Mr. Clasby noted that he would be meeting with Attorney Stukes and Attorney Robertson this week. Chairman Swanger requested that Ms. Davis be provided with a copy of the proposed financial plan to review and report to this group.

Chairman Swanger asked if a Memorandum of Understanding could be developed between all parties to ensure that reporting is provided to the board. Commissioner Ensley asked if Mike Poore would be able to present information at the regular meeting where the resolution and above document are to be signed by Commissioners. All agreed that this presentation would provide the most accurate information and decrease skepticism and rumors.

Vice Chairman Kirkpatrick suggested that the letter address future appropriations based on the benefit of and service provided to the County.

SUBJECT: Smoky Mountain Center

DISCUSSION:

Members of Smoky Mountain Center and their board were present for a discussion related to the reduction in Haywood County's funding contribution. SMC representatives noted that the SMC board's position was that Haywood County should keep an appropriation of funds for SMC at \$100,000 as part of the maintenance of effort (MOE) and to be in compliance with NCGS 122-C-115.

Haywood County's position is that the forwarding of ABC revenues and the reduction in price of the building purchased by SMC from Haywood County, the allocation for this FY had been satisfied.

Discussion was held. Chip Killian, County Attorney explained that further research and discussion would be completed by Haywood County. Members of the SMC contingent were thanked for their participation and left the meeting.

The Haywood County Board continued discussion and agreed that Mr. Killian should draft a memorandum of agreement that allocates total payment of \$80,000 to SMC for FY 2012-2013; with \$5,000 to be paid before October 15 and the remaining \$75,000 to be paid in three (3) equal quarterly payments. SUBJECT: Possible Acquisition of Real Property for Convenience Center site

DISCUSSION:

Mr. Francis presented a map of a parcel of land to be considered for possible acquisition for a new convenience center site. Discussion was held related to the current condition of the parcel and possible future modifications including the site prep for a convenience center. Due to the location of the property, there was concern about the flood plain and specific septic regulations from NC Dept of Environment and Natural Resources (NC DENR).

Vice Chairman Kirkpatrick inquired as to price for the property. Mr. Francis noted that for 4.24 acres, the price is \$165,000. The property is currently under foreclosure with Mountain First Bank.

Chairman Swanger noted that the next steps would be to review the suitability of the site for a convenience center; determine the total amount of land required and contact NC DENR to determine the specific septic/sewer requirements and cost for compliance measures.

County Attorney Killian crafted a motion to be read in open session which would allow Mr. Stamey to negotiate regarding this property. The motion is as follows: to authorize the County Manager to negotiate the material terms of a portion of property on Highway 209 owned by BG&W, LLC for the purpose of a new convenience center.

SUBJECT: DONCON

DISCUSSION:

David Francis, Tax Administrator, reported to members regarding an upcoming mediation of a case involving DONCON, the Town of Maggie Valley and Haywood County. Mr. Francis provided background related to this lawsuit.

County Attorney Killian provided copies of a Memo of Summary Judgment from Leslie Mize, the Attorney who is representing the county on this case. The memo contained a summary and timeline of all events described by Mr. Francis.

Vice Chairman Kirkpatrick noted that language should be included if there is a settlement that outlines the reason for the settlement and highlights that Haywood County was not at fault in this type of situation as the Town was the party responsible for assuring signatures were correct. This sets a precedent; Mr. Killian will work with Ms. Mize on the language.

Mr. Francis noted that a mediation would be held on March 14 and requested the members instruct as to a settlement amount that would be acceptable, if settlement could be negotiated. County Manager Stamey will be in attendance for this mediation and can authorize funds.

Mr. Stamey and Mr. Francis were instructed that the settlement amount should be no more than the amount of the attorney's fees and the amount of the taxes owed minused from the full amount in question (\$29,933); the total settlement amount was estimated at \$13,000 - \$14,000.

OTHERS PRESENT: Kris Boyd, Planning Director

GENERAL STATUTE: Attorney/Client Privilege §143-318.11(a)(3)

SUBJECT: Bond Release Agreement - Avalon Development

DISCUSSION:

Mr. Killian explained that bond release discussions have been in process since October 2012. An offer was made and was tentatively accepted in principle.

Mr. Boyd provided background on this issue which has been in play for 10+ years. He noted that two surety bonds were provided to the County for asphalt and gravel; a new owner would like to complete the roads and further develop this subdivision. Chairman Swanger inquired if additional funds were required if the bond amounts did not cover these services. Mr. Killian noted that the County was not guarantor of roads and will only pay what the bond amount is.

Mr. Boyd provided information on each area of the subdivision covered under the two bonds and shared information related to the maximum area for paving. Mr. Boyd noted that this project would have to be bid in accordance to statutes.

Vice Chairman Kirkpatrick inquired if the roads were ready to pave. Mr. Boyd noted that the roads have been maintained under Erosion Control Ordinance but may require minimal grading. Discussion was held related to the total amount of the bonds and the areas that require paving.

Mr. Boyd requested the contracting of an engineer to assist with project management to be paid through the bonds. Commissioner Sorrells asked if this relieves liability for the County; Mr. Killian confirmed. The estimated cost is \$12-15K for engineering/project management services with the engineer completing the bid specs for the project. All agreed this was the best option for risk management.

Mr. Killian advised both Commissioner Ensley and Vice Chairman Kirkpatrick to recuse themselves from voting on this issue. This will be discussed at the August 5 regular meeting.

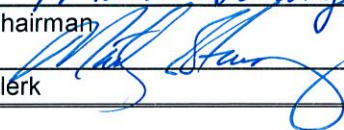

Mr. Killian will develop the motion including exact wording related to the bonds and include language explaining recusal of two individuals.

OPEN SESSION:

Commissioner Sorrells made a motion to return to open session. Commissioner Upton seconded and the motion carried unanimously.
