Subject: Request for Public Information - re: Missy Spainhour.

Mr. Dove,

This is a Public Request for Information pertaining to how a confidential report from Missy Spainhour wound up in Vicky Hyatt's in-basket at the Mountaineer.

There are two parts to this public information request.

- The investigation report completed by Shannon (Missy) Spainhour, mss@dhwlegal.com, commissioned by county commissioners on Mike Matthews, and
- Release of Haywood County Closed Session Minutes, especially dealing with the county's investigation into the tax collector's office and/or Mike Matthews, including agendas, minutes, notes, descriptions or recordings for the proceedings of any such session. Since the report has been completed and given to the county, the closed session minutes relating to whether the county would investigate the tax collector should no longer be confidential.

Thank you,

Monroe A. Miller, Jr.
