Subject: Haywood County Board of Elections, Request for Information.

During the first week in March, 2021, inspired by Trump's speech at CPAC, I spoke with Jeremy Fish at the Haywood County Board of elections. I requested that Jeremy sit down with me and explain the entire process of how my vote on November 3, 2020 wound up at the State Board of Elections. I wanted to be able to explain to someone how this process works, and the only people in Haywood County that can do this are sitting in the Haywood County Board of Elections office.

I requested a live demonstration with actual voting machines. At that point, Jeremy summoned Inman, who practically had a heart attack when I explained what I wanted. Inman wanted to know why I was asking. They would get back to me, he indicated.

The following is an e-mail trail since then. It appears I am getting the bums rush.

Jeremy,

Have you set a date when I can come in to review the Haywood County voting process?

After consultation with the Board of Election Members, I've been informed that you will need to present your request to the Board at one of their next, regularly scheduled meetings. Determination of how much time and attention being devoted to a request such as yours, needs to be addressed, as well as consideration of exempt information for possible discretionary disclosure.

The Board typically meets at 10 AM on the second Tuesday of every month. The next regularly scheduled meeting is Tuesday, April 13, 2021.

Jeremy,

Please send me an agenda of the next regularly scheduled meeting, or in the event a special meeting is called. I would like to insure that I am on the agenda.

Thank you,
