Mr. Davis,

It is now Thursday, has Robert Inman provided you feedback yet regarding what you directed him to find out from the State Board of Elections, i.e. proceeding with having Jeremy Fish describe the voting process here in Haywood County? If not, I rather suggest that he is stalling. Please let me know.

Thank you,

Monroe A. Miller, Jr.

Your suggestion would be incorrect. Inquires to the State Board take some time and neither the Board nor Mr. Inman are in control as to when we get an answer. As I explained at the meeting, there are several issues that have to be reviewed concerning your request. When those issues are addressed, you will be advised as to what action if any the Board will take.
