Subject: Telit Modems in ES&S DS200 voting machines? Banned from communicating with HCBOE.

The following is an email dialog with Robert Inman, Director of HCBOE, and Danny Davis, Chair of HC Board of Elections. The underlying primary direction of this investigation into HCBOE and NCBOE was to determine if the DS200 voting machines that were used in the 2020 election, purchased from ES&S, contained the Telit Modem, as has been found in other states. HCBOE and NCBOE has done everything possible to thwart a visual inspection of a DS200. At the least, it gives the appearance of impropriety of these democrat run organizations. HCBOE has completely shut down regarding any Requests for Public Information from me, refusing to provide even minutes of their Board Meetings.

HCBOE held a Board Meeting yesterday at the Senior Resource Center, during which I gave a Public Comment requesting Inman provide minutes of the Board of Directors. An email dialog ensued a couple of days prior to that meeting which Danny Davis brought up during the meeting, as the pretense for banning me from ever communicating with the HCBOE Board or any staff members of HCBOE.

I recorded the meeting. <https://www.haywoodtp.net/pubII/210720DannyDavis-HCBOE-Meeting2.MP3>

[**Editor's Note:** Copy and paste the link into your favorite browser.]

Danny Davis was not able to coup with the emails to him and his staff, so June Ray made a motion to ban me from sending emails to any of them again. All in favor:

- Danny Davis
- June Ray
- Elizabeth Norris
- Howard Sorrells
- David Miller * - Newly sworn in on 7/20/2021, and voted how the rest of the board voted.

Danny Davis indicated if I wanted any more Public Information, I would have to come personally to the office.

No indication if I was to ever get the board minutes I had requested.

The following are the public comment I gave at the meeting (slightly ad-lib, refer to the recording for the exact comment), and email dialogs.

I recommend that Danny Davis, a previous judge, review the following:

- Haywood County Public Records Requests Policy, <https://www.haywoodcountync.gov/DocumentCenter/View/83/Public-Records-Request-PDF?bidId=>
- The First Amendment of the Constitution of the United States.

Subject: Haywood County Board of Elections Meeting Public Comment, 7/20/2021.

I've made multiple requests for past Minutes of your meetings, and I have received nothing. I've requested Minutes of meetings that I have recently started to attend, starting in May, but never received a thing. I've requested Minutes regarding any discussion of the purchase of DS200 equipment from ES&S, from Robert Inman, and I have received nothing.

On May 12, 2021, Robert Inman said: "Meeting minutes are not considered approved until such time that all board of elections members declare approved by their signature."

I now see something new on recent agenda's - "Approval of Previous Minutes".

I'm beginning to believe that this guy, Robert Inman, never kept minutes, which is why I have not received anything.

Are you, Mr. Davis, blocking Inman from sending me minutes I have requested?

I would appreciate that you direct Robert Inman to turn over the minutes.

By the way, when you approve minutes today from your last meeting, correct the price Inman told you a DS200 cost, \$30,000, when you rejected my concerns about opening up one of the machines. The official price list indicates the actual price of \$6,015.

Thank you for allowing time to express my concerns.

	Adjourn	Approval	Motion - Second -

[**Editor's Note:** The agenda, presumably created by Robert Inman, directs anyone wishing to give a public comment at this meeting, the following: "Public must make request for public comment by any method prior to 12:00pm on the day before the meeting and are limited to three (3) minutes.

WTF? Who in Haywood County requires that notification be turned in for a public comment 24 hours in advance? This is continued evidence that Robert Inman is running his own little banana republic.

Since I was denied being able to make my public comment at the June meeting, I complied, by sending this request to Danny Davis, board members, and Robert Inman.]

Mr. Miller, please sign up when you get to the meeting as the Chair will recognize people for 3 minutes in the order that they sign up for public comment. Thanks

[**Editor's Note:** WTF? Dual instructions? Why was this extra step to give a public comment not placed on the agenda? If I don't do this 'sign-up', will I be denied being able to give a public comment?]

Mr. Davis,

WTF? (That means "What The [expletive deleted]").

Please refer to the agenda I received today from Ann Boyd (attached). This agenda was presumably created by the guy running his own little banana republic over there, Robert Inman. It says: "Public must make request for public comment by any method prior to 12:00pm on the day before the meeting and are limited to three (3) minutes."

You say: "Mr. Miller, please sign up when you get to the meeting as the Chair will recognize people for 3 minutes in the order that they sign up for public comment. Thanks"

Who the hell am I supposed to be taking instructions from? I thought you used to be a Judge, and you are the chair, so I guess you outrank the guy running the banana republic.

Anyway, I have not received a single set of minutes from Inman. In addition, I expect previous minutes will need to be corrected regarding the cost of a DS200 voting machine.

ES&S Price List for NC. I was told at the last HC Board of Elections Board Meeting by these lying [expletive deleted]'s that a DS200 cost the county \$30,000, and that was the reason they declined let me open one. It costs \$6,015 (with warranty and license). These lying pieces of work are: Danny Davis, Robert Inman, Rusty McLean, June Ray, Howard Sorrells and Elizabeth Norris. 6/22/2021...

See if I can squeeze all of that into 3 minutes.

Your request has been received and acknowledged; all Chairman Davis has attempted in good faith to do is remind you to be sure you sign in as a simple public comment provider for documented public meeting requestor to be heard in accordance with proper NC open meetings laws and requirements. Sign-In log will be available as it always has been conveniently located upon your arrival.

Mr. banana republic,

There is nothing on the agenda instructions indicating that I sign in as a simple public comment provider for documented public meeting requestor to be heard in accordance with proper NC open meeting laws and requirements. Why don't you send me the requirement (i.e., NCGS or whatever) that I have to provide a 24 hour notice to you if I want to make a public comment. By the way, I did not see a conveniently located sigh-in log when I attended the last BOE meeting, where Danny Davis blew me off when I raised my hand to make a public comment.

Ms. Boyd,

Can you please clarify the location of today's meeting?

The agenda indicates it will be in the Senior Resource Center, yet you indicated it will be held in the HCBOE office. What is it?

If the meeting is not held in the Senior Resource Center, as indicated by the agenda, and held somewhere else, it will be an improperly noticed meeting, which will have to be rescheduled.
