Danny Davis, Robert Inman, June Ray, Howard Sorrells and Elizabeth Norris should all resign from the Haywood County Board of Elections. They should all either Resign, or be Fired.

For months, I confronted these pieces of work regarding a public inspection of the ES&S voting machines to determine if they contained the Telit Modems in ES&S DS200 voting machines.

What happened? I was banned from emailing these pieces of work!

These people will react in one of two ways. Either:

- These pieces of work will claim they didn't know anything about Telit Modems in ES&S DS200 voting machines, and that they were lied to by **Karen Brinson Bell**,
- or
- They will refuse from this point on to make any effort to examine these voting machines, and hunker down as they have done all year long, saying "It's not my fault".

Under any circumstances, all of these people should either resign or be fired.

- **Danny Davis,**
- **Robert Inman,**
- **June Ray,**
- **Howard Sorrells** and
- **Elizabeth Norris**
