Subject: Directions to navigate Town of Waynesville website- re: Planning Board Recordings.

Have you ever felt the need or urge to find out what is going in the Town of Waynesville? Well, low and behold, all the information is buried deep inside the Town of Waynesville website. The question is: How do you access it?

This is a road map of how to dive into the Town of Waynesville website and access everything without having to make a Request for Public Information, <https://www.waynesvillenc.gov/> .

There are minutes of Aldermen meeting minutes going back to 1997, for example, and of particular interest, the Planning Board Agenda's, Minutes, and recordings of meetings, going back to 2005.

This information was kindly provided by Esther Coulter.

Mr. Miller, on the Town of Waynesville, Go to departments, development Services, on left side click on planning, Planning again, go to bottom of page where it says minutes click here, click boards commissions, click planning scroll down to recordings. ALL minutes for all board meetings are there.

Happy surfing...
