A motion was made by Alderman Anthony Sutton, seconded by Alderwoman Julia Freeman, to approve Resolution R-11-22 requesting the Haywood County delegation to the N. C. General Assembly seek funding for a new fire station. The motion passed unanimously.

Alderman Jon Feichter asked to address some of the comments concerning limiting Public Comment. He said the Board has taken the stand that a Public Hearing will be held even when it is not required. He said that no Board member is limiting public comments.

D. CONSENT AGENDA

All items below are routine by the Board of Aldermen and will be enacted by one motion. There will be no separate discussion on these items unless a Board member so requests. In which event, the item will be removed from the Consent Agenda and considered with other items listed in the Regular Agenda.

i. Adoption of minutes of the May 10, 2022 regular meeting

A motion was made by Alderman Anthony Sutton, seconded by Alderwoman Julia Freeman, to approve the Consent Agenda as presented. The motion passed unanimously.

E. PROCLAMATION

- National Public Works Week
 - Mayor Gary Caldwell

Mayor Gary Caldwell stated that May 15^{th -} 21st is National Public Works Week. He read a Proclamation "Ready and Resilient" in observance of the week and thanked the Public Works employees for the dedicated and hard work they do each day.

F. PRESENTATION

- 3. Retirement of Detective Tim Shook
 - Police Chief David Adams

Police Chief David Adams told the Board that Detective Tim Shook will be retiring from the Waynesville Police Department with 12 years of service as a part-time investigator and a combined 48 years in law enforcement. The Board recognized Detective Shook for his dedicated service to this community and thanked him for sharing with the Waynesville Police Department his knowledge and experience of many years.

4. TDA 1% Zip Code Funding Mid-Year Report for 28785/86

• Lynn Collins. TDA Executive Director

Ms. Lynn Collins presented the Board with the updated information in the TDA 1% Zip Code Mid-Year report. She reviewed the 3% net Occupancy Tax reports for 2021-2022 and the 1% Net Occupancy Tax report for 2021-2022. The TDA is currently on tract to hit three million dollars in Occupancy Tax in 2022.

Ms. Collins said that in January of 2022 the highest number ever recorded was for vacation rentals. Hotels and motels were hit hard during COVID, but those numbers are trending back upward. In April of 2021 there were 224 listings for Air B & B, and in April 2022 there were 318 listings for the 28786-zip code.

She explained the Haywood County POI Dashboard report from Arrivalist, a company that uses pixels to tract activity of visitors to the area. This program can tract everything that a visitor does and where they go while they are here. In downtown Waynesville the program shows that in 2021 there were 256,335 visits with an average time spent 2.3 hours. The average nights spent was 2.6, and the average distance traveled was 330 miles. This information helps with the TDA marketing.

Ms. Collins shared the marketing ideas for Visit NC Smokies with the "Haywood would you like" logo. With these logos there is information specifically about Waynesville, Maggie Valley, and Haywood County. She said the Wayfinding signage was in the second phase of placement with a completion date of June 30.

The One Time Project Fund consists of \$500,000.00 and is designed to encourage creation or expansion of capital projects that will showcase Haywood County's unique offerings and attract visitors from outside a fifty-mile radius. This is done through a grant process for municipalities and county governments. She said eight grant requests had been received, and the TDA will review the grants and will be approved at the June Board meeting.

5. Request for waiver of 65% rule for traffic calming device petitions

• Christine Kavanaugh

A traffic study was completed by J. M. Teague on East Street, and the area qualified for step 2 which is petition of property owners. Ms. Kavanaugh was sent a list of 27 properties that required 65 % of the signatures for the petition. She submitted a list bearing the signatures of 9 property owners and 6 emails (not signatures) stating their support for the devices, meaning that Ms. Kavanaugh is two signatures short if the emails are considered the same as a signature.

Ms. Kavanaugh spoke to the Board asking for a waiver of the Board's policy, stating that there are so many rental properties with absentee landlords on the street and some of the property owners would not return her calls.

There was much discussion concerning the number of signatures and whether to accept the emails in lieu of signatures.

A motion was made by Alderman Anthony Sutton, seconded by Alderman Jon Feichter, to waive the requirement for 65% of property owners and permit emails in lieu of signatures, only in this case, because of known speeding in the area, and add East Street to the list of streets approved for traffic calming devices. The motion passed unanimously.

G. PUBLIC HEARING

- 6. <u>Public Hearing to consider a request for Annexation for property at 1184 Camp Branch Road,</u> Waynesville, NC 28786, PIN 8614-34-4314.
 - Olga Grooman, Planner

Planner Olga Grooman stated that the Town had received a petition for Annexation for the property located at 1184 Camp Branch Road owned by Billy and Hazel Sorrells. The property is 0.57 acres and is within the Town's extra-territorial jurisdiction. The petition for annexation is due to a failed septic tank. At the April 26, 2022 Board of Aldermen meeting, the Board approved the extension of the Town sewer line for the property before the annexation hearing, so the property now has access to both Town water and sewer.

Mayor Caldwell opened the Public Hearing at 7:17 pm and asked if anyone wished to speak.

Mr. Billy Sorrells, owner of the property, thanked the Board and staff for the hard work they had done, and was very complimentary of the water and sewer department.

Mayor Caldwell closed the Public Hearing at 7:19 pm.

A motion was made by Alderman Chuck Dickson, seconded by Alderman Anthony Sutton, to adopt Ordinance No. O-18-22 to extend the corporate limits of the Town of Waynesville, NC at 1184 Camp Branch Road PIN 8614-34-4314. The motion carried unanimously.

- 7. Public Hearing to consider the 2022/2023 Fiscal Year Budget
 - Town Manager Rob Hites

A motion was made by Alderman Anthony Sutton, seconded by Alderman Chuck Dickson to open the Public Hearing at 7:22 pm. The motion passed unanimously.

Finance Director Misty Hagood presented the Fiscal Year Budget to the Aldermen. The total Budget is \$35,318,174.00 with the General Fund being \$17,377,874.00, Water Fund \$4,054,300.00, Sewer \$3,740,138.00, and Electric \$10,045,862.00. She reviewed revenues and decreases due to COVID. The budget proposes to increase the tax rate by 2¢ and increase residential garbage rates by \$1.00 per month.

In reviewing the General Fund expenditures, she said the largest was Public Safety, which included Police and Fire, with Streets and Sanitation being the second highest. There is a decrease in Special Appropriations because of the new Downtown Waynesville Advisory Committee department.

Ms. Hagood said she is proposing a 2% COLA beginning July 1st for all employees, 60% of the remaining Pay Compensation Plan to employees who qualify and continue the 2% and 5% Career Track compensation for employees. She gave an overview of the Enterprise Funds, and due to increases in supplies for the water, sewer, and electric, Ms. Hagood proposed to use \$330,000.00 in ARP funds for capital needs. This includes \$300,000.00 for meter changes from manual reads to radio reads. Also proposed is a 3% rate increase for water, but not including the base charge. She suggested using \$240,000.00 in ARP funds for infiltration mitigation and setting aside \$300,000.00 for a sewer slip lining project. A 10% increase is proposed to prepare for the debt service payments on the Wastewater Treatment Plant upgrades. The Electric Fund has seen the largest increase in supplies (50% - 100%) from previous years. A rate increase of 5% for electric is proposed to cover the increase in the cost of supplies. Included in the budget is \$60,000.00 for an AMI Study for the electric meters.

Alderman Jon Feichter stated he would like to take an aggressive action to avoid getting farther behind with the Town's capital needs by starting the process of obtaining a bond. Manager Hites explained that the process is easy by packaging several capital requests into one amount, but the question is how much the Waynesville economy can handle in terms of debt service, because it could entail up to a 12¢ tax increase.

Alderman Anthony Sutton stated that if taxes are not raised, and do not stay within the 42% as stated by the League of Municipalities, the Town could not get a favorable loan. He said he felt that the Board needs to have a definite list of what all the capital needs are.

There was much discussion about capital needs and wants, and how to proceed in determining what the critical needs are, what it would cost to finance those needs, and what the Town will need in the upcoming years.

Alderman Feichter said that he was interested in increasing the collection percentages by increasing the late payment penalty in the Electric Fund, and how Waynesville's collection compares to other Electric Cities. Ms. Hagood stated that 4% of the electric customers in the Town are behind with their bills. She said that second disconnect notices will be sent out soon.

Three people spoke during the Public Hearing:

Mr. John Baus asked how long it would take to receive money that has been requested from the government for payment on the new Fire Station. Manager Hites explained that it could be the beginning of next year, but he was not expecting to start on the Fire Department before April of 2023.

Scott Wilson stated he agreed with Alderman Sutton about the need to be conservative.

Wanda Brooks told the Board that the Budget needed to be conservative because of the high cost of everything, and how hard it has hit people.

A motion was made by Alderman Anthony Sutton, seconded by Alderman Chuck Dickson to close the Public Hearing at 8:05 pm. The motion passed unanimously.

Alderman Chuck Dickson and Alderman Feichter expressed that they would like to make sure there would be no tax rate increase in this budget. Alderman Feichter asked that electric or water rates not be increased as well. He said that the problems that occurred last winter with the water and electric bills cause a hardship on many citizens, and that was not a fault of their own.

Alderman Anthony Sutton stated that because some of the funds are being used to fix the issue that caused the problems last year, unfortunately that calls for rate increases. The root of the problem was the manual readers, and \$300,000.00 has been designated for radio readers.

Alderman Chuck Dickson said he knew the sewer rates would need to be raised, but with the water rates the base rate is not being raised. People who use small amounts of water will not see an increase. He asked that the same be done for the electric rates – set a base rate that would be fair to everyone.

Ms. Hagood said that if there were no increases now, that next year there will have to be larger increases. Ms. Hagood recommended cutting the recycle truck from the budget, and possibly finance it next year along with several other vehicles the Public Services Department is requesting.

Alderman Jon Feichter asked if the Town needs to increase the rate for the MSD from 19¢ to 20¢ to avoid taking money from the General Fund to supplement the Downtown Waynesville management of the MSD. Alderman Anthony Sutton stated that instead of increasing the rate for the MSD, properties needed to be added to the MSD.

Alderwoman Julia Freeman reminded the Board that the TDA had \$500,000.00 available funds in grant money and the Town had only applied for \$25,000.00 of that money. That is a great opportunity for the Downtown Waynesville Advisory Committee to look at alternative funding versus raising the MSD rate.

Alderman Chuck Dickson asked that donations and contributions be cut from \$150,000.00 to \$100,000.00. Alderman Sutton agreed.

A motion was made by Alderman Chuck Dickson, seconded by Alderwoman Julia Freeman, that the budget be revisited and presented at the June 14, 2022 Board meeting with no tax increases. The motion carried with four Ayes (Alderman Chuck Dickson, Alderwoman Julia Freeman, Alderman Jon Feichter, Mayor Gary Caldwell) and one nay (Alderman Anthony Sutton.)

Alderman Dickson asked that several options be brought before the Board concerning the lowering of Special Appropriations.

Break from 8:25 - 8:35.

Town of Waynesville Regular Meeting May 24, 2022

H. NEW BUSINESS

- 8. <u>Automatic Aid Agreement</u>
 - Joey Webb, Fire Chief

Fire Chief Joey Webb explained to the Board that the Waynesville Fire Department has Automatic Aid agreements with Maggie Valley Fire Department, Saunook Fire Department, and Center Pigeon Fire Department. Chief Webb said he would like to contract with Lake Junaluska Fire Department as well. The agreement will help the Fire Department with the NC Department of Insurance rating for homeowners, as well as access to water and equipment if needed.

A motion was made by Alderwoman Julia Freeman, seconded by Alderman Anthony Sutton, to approve the automatic aid agreement between the Junaluska Community Volunteer Fire Department and the Town of Waynesville Fire Department. The motion passed unanimously.

- 9. Budget Amendment to account for the December 2021 refinancing on Fire Station 1
 - Misty Hagood, Finance Director

Ms. Hagood stated that a budget amendment was needed to account for the refinancing of Fire Station 1 that closed in December 2021. The amendment will cover the transactions to pay off the USDA loan, pay the attorney that represented Truist Bank, and pay for the Town's bond attorney.

A motion was made by Alderman Anthony Sutton, seconded by Alderman Chuck Dickson, to approve Ordinance No. O-20-22 in the amount of \$1,679,109.63 for refinancing on Fire Station 1. The motion was approved unanimously.

- 10. <u>Budget Amendment to account for the May 10, 2022 refinancing on the Public Works building and financing the land for Fire Station 2 and a new fire truck</u>
 - Misty Hagood, Finance Director

This budget amendment is to account for the refinancing of the Public Works building and financing of the land for Fire Station 2 and a new fire truck that closed in May 2022. The amendment will cover the transactions to pay off the Truist loan for the public works building, the funds we received to reimburse ourselves for the land we purchased for Fire Station 2, the funds for the new fire truck and equipment, pay the attorney that represented JPM-Chase, and pay our bond attorney.

A motion was made by Alderman Chuck Dickson, seconded by Alderman Anthony Sutton, to approve Ordinance O-20-22 Amendment No. 25 to pay off the Truist loan for the public works building, the funds we received to reimburse ourselves for the land we purchased for Fire Station 2, the funds for the new fire truck and equipment, pay the attorney that represented JPM-Chase, and pay our bond attorney. The motion passed unanimously.

11. Establish a capital projects fund to account for the Walnut Street/Russ Avenue Improvements

Misty Hagood, Finance Director

Ms. Hagood requested to establish a capital project fund for the Walnut Street and Russ Avenue improvements since it will take place over a period of several years. A capital project fund is easier to manage for a multi-year project because it does not close out at the end of the fiscal year. Any capital funds in the Electric Fund that are left in the FY22 budget will be transferred to the project. She estimated that there will be around \$250,000 to transfer to the project fund on June 30, 2022. Part of the town funds had to be used that were budgeted this year to cover the increase in the price of the lights for the roundabout. This did not include a transfer to the project fund in the FY23 budget. Because of the estimated timing the additional funds will be budgeted in the FY24 budget.

A motion was made by Alderman Anthony Sutton, seconded by Alderman Chuck Dickson, to approve Capital Project Ordinance O-21-22 for the Walnut Street/Russ Avenue Improvements. The motion passed unanimously.

- 12. Update of Grant Project Ordinance for the ARP Funds
 - Misty Hagood, Finance Director

Ms. Hagood asked for the Board of Aldermen to update the Grant Project Ordinance to amend the budget amounts for the following:

- Fire Vehicles increase by \$2,250 for tax and tags on 2 vehicles
- Garbage cans increase by \$1,141 for variation prices from original estimates
- Pigeon Street water project increase by \$218,000 recommend using ARP funds for increase from estimate instead of General Fund Balance that was originally approved

A motion was made by Alderman Chuck Dickson, seconded by Alderwoman Julia Freeman, to approve the Grant Project Ordinance. The motion passed unanimously.

- 13. <u>Budget Amendment to use Unauthorized Substance Tax Distribution Funds to purchase new</u> equipment for patrol officers
 - Chris Chandler, Senior Lieutenant

Lt. Chandler stated that the Town of Waynesville has a deferred revenue balance of \$28,545.95 from funds received for the Unauthorized Substance Tax Distribution program of the Town of Waynesville. These funds are received to purchase equipment and materials deemed necessary by the Waynesville Police Department. The Police Department asked to use these funds to purchase three new IDEMIA Morpho Ident mobile fingerprint scanners to be used by patrol officers on patrol. These fingerprint scanners provide immediate proper identification using the Automated Fingerprint Identification System.

- 14. Request approval to use the remaining ARP Funds from FY2021-22 allocated to the Police Department for vehicles, to purchase a UTV Polaris
 - Chris Chandler, Senior Lieutenant

The Waynesville Police Department has been allocated ARP funds in FY2021-2022 to purchase and equip vehicles. Lt. Chandler said the Department realized that there was a need for a UTV to be utilized at parades, festivals, and other large crowd gatherings in Waynesville. This would allow more mobility in confined areas resulting in a more rapid response to emergencies commonly associated with these gatherings.

A motion was made by Alderman Anthony Sutton, seconded by Alderwoman Julia Freeman, to approve available ARP funds from the FY 2021-2022 to purchase a UTV Polaris. The motion passed unanimously.

- 15. Resolution Supporting an increase in the State Revolving Loan for the WWTP
 - Town Manager Rob Hites

Manager Hites explained to the Board that the Town and McGill and Associates are following the guidance of DENR's Division of Environmental Infrastructure (DEI) to fund the cost overruns in the Wastewater Treatment Plant. Their advice is to request an additional \$5 million loan to supplement the \$19,454,000 loan that the LGC has already approved while at the same time applying for a \$15 million dollar ARP grant earmarked for "Distressed Communities". The loan by itself will not fully cover the cost of the plant. It will take a substantial grant to permit the plant to be constructed. The Division of Environmental Infrastructure and the Western Division of the regulatory division of DENR the Division of Environmental Quality must approve the design and bids for the project to move forward. The purpose of this resolution is to support the Town's application to both DEI and the LGC to approve the five million dollar loan. We will not know if some or all the loan will be necessary to fund the improvements to the plant until we are notified of our grant amount.

Mr. Joel Storrow of McGill explained the tentative award for the Wastewater Treatment Plant Improvements to Harper Construction that is required by DWI. The tentative timeline for construction is for a preconstruction conference in August, and the construction possibly in September 2023.

A motion was made by Alderman Anthony Sutton, seconded by Alderman Chuck Dickson, to approve Resolution R-09-22 supporting the Town's application for a \$5 million increase in the State Revolving Fund (SRF) Loan amount and to grant a tentative award to Harper Construction in the amount of \$24,019,200.00. The motion passed unanimously.

H. COMMUNCATION FROM STAFF

Manager's Report

• Rob Hites, Town Manager

17. Skate Park Pavilion

Assistant Manager Jesse Fowler

Assistant Manager Jesse Fowler reported on the proposed skate park pavilion. He stated there was only one bid for the pavilion at \$104,000.00. After sending the bid out once more, there was only one bid from the same contractor as before, and price was much higher for the second bid. Assistant Manager Fowler said the options were to retract the bid and send out another RFP, pursue other options with a redesigned plan, or put the plan on hold and wait for the economy to change.

A motion was made by Alderman Chuck Dickson, seconded by Alderwoman Julia Freeman, to withdraw the RFP, and continue to investigate alternate means of construction. The motion passed unanimously.

As of June 30, 2022 several Board and Commission members will have reached the time limit for their terms. Assistant Manager Fowler reminded the Board that at the July 27, 2021 the Board voted to interview all applicants for the Statutory Boards (Planning Board, Board of Adjustment, ABC Board, and Waynesville Housing Authority.) He said the original motion read that all Board members will interview applicants.

There was much discussion concerning how to conduct the interviews and what questions to ask. The consensus of the Board was to wait until all applications are received, and then communicate on dates and times for the interviews.

18. Rules and Procedures

Due to the absence of Town Attorney Martha Bradley, the presentation of Rules and Procedures will be placed on the June 14, 2022 agenda.

J. COMMUNICATIONS FROM THE MAYOR AND BOARD

There were no comments.

TOWN OF WAYNESVILLE BOARD OF ALDERMEN REQUEST FOR BOARD ACTION

Meeting Date: June 14, 2022

<u>SUBJECT</u>: Call for a Public Hearing for June 28, 2022, to consider a zoning Map Amendment request to change the zoning of property located at 134 Belle Meade Drive, PIN 8605-81-6159, from Hazelwood Urban Residential (H-UR) to Hazelwood Business District (H-BD).

AGENDA INFORMATION:

Agenda Location: Call for Public Hearing

Item Number:

Department: Development Services

Contact: Samuel Cullen or Elizabeth Teague

Presenter: Samuel Cullen

BRIEF SUMMARY:

A staff determination that outside storage of vehicles or as part of an automotive repair business was not an allowable use within the Hazelwood UR District. This zoning administrative decision was appealed by the applicant to the Town's Zoning Board of Adjustment, and the ZBA upheld the staff decision. On May 16th, 2022, the Planning Board held a public hearing and considered this request to rezone this lot to the Hazelwood Business District which would introduce commercial uses into the Hazelwood Urban Residential District. The Planning Board voted that this would not be consistent with the Comprehensive Land Use Plan or the current zoning and did not recommend approval by the Board of Aldermen. The Planning Board also noted that historically this lot has been zoned residential going back to the 1977 Town of Hazelwood zoning map. However, the applicant would like to continue to the Board of Aldermen and have the opportunity to for hearing to consider the request.

TOWN OF WAYNESVILLE BOARD OF ALDERMEN REQUEST FOR BOARD ACTION

Meeting Date: June 14, 2022

SUBJECT: Call for a Public Hearing for June 28, 2022, to consider a zoning text amendment request initiated by the Planning Board to implement buffer requirements and quasi-judicial review procedures on major subdivisions which create 30 or more lots.

AGENDA INFORMATION:

Agenda Location: New Business

Item Number:

Department: Development Services

Contact: Olga Grooman or Elizabeth Teague

Presenter: Elizabeth Teague

BRIEF SUMMARY:

A subcommittee of the Planning Board has been working to make recommendations on improving the Land Development Standards in response to 160D and the adoption of the 2020 Comprehensive Plan. This text amendment proposes to divide major subdivisions into "tiers" so that larger subdivisions with presumably more impacts to surrounding neighbors, would have to meet additional requirements. This was discussed as part of a public hearing on April 11, 2022 and was continued until the May 16, 2022 Planning Board Meeting. This text amendment is in response to board and citizen concerns regarding procedural changes from quasi-judicial to administrative decision, and in the desire to require buffering around large subdivisions that create 31 or more lots (tiers 3 and 4).

MOTIONS FOR CONSIDERATION:

1. Motion to call for a Public Hearing on June 28, 2022 to consider a zoning text amendment.

WHEREAS, after notice duly given, a public hearing was held on April 11, 2022 at a special called meeting of the Waynesville Planning Board, continued on May 16, 2022 at the regularly scheduled meeting of the Waynesville Planning Board, and held on _____, 2022 at the regularly scheduled meeting of the Board of Aldermen:

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE TOWN OF WAYNESVILLE, MEETING IN REGULAR SESSION ON _____, 2022 AND WITH A MAJORITY OF THE BOARD MEMBERS VOTING IN THE AFFIRMATIVE, THE FOLLOWING:

That the Land Development Standards be amended as follows (in red):

Amend the following Sections of Chapter 8 Tree Protection, Landscaping and Screening

8.4 Buffer Yards.

Buffer yards are planting areas located parallel to the side and rear lot lines. The purpose and intent of buffer yard requirements are to preserve landscape and provide a buffer as a mitigation measure for potential development impacts. They are designed to separate incompatible adjacent uses, or to and provide privacy and protection against potential adverse impacts of an adjoining incompatible use or zoning district.

8.4.1 Required Buffer Yards.

A. **Required Yards by District**: The size of a buffer shall be determined both by the zoning district of the proposed development and by the adjacent zoning district(s). Buffer yards shall be required in accordance with the table below when any use is being established on a property that abuts an existing developed lot or less intense zoning district.

		Adjacent Zoi	Adjacent Zoning District

	•	multifamily and non-residential uses shall provide buffers between nt single family uses in detached homes							

- B. Additional Buffer Yard Requirements: A type B Buffer Yard is required along the side and rear lot lines, not including road frontage, of new major subdivisions of 31 or more units and special use permits in all districts, except where the above table has a stricter requirement or as part of a conservation subdivision.
- C. Location: Buffer yards are intended to be constructed along the perimeter of the property; however, when there is irregular topographic conditions such as the perimeter of the property is at a lower grade than the use being screened, the Administrator may require the relocation of the required buffer yard in order to better serve its purpose.
- D. Relationship to Required Yards and Setbacks: Where front, side and rear yards are required by this chapter, buffer yards may be established within such yards. If a yard requirement is less than the minimum buffer requirement, the buffer width requirement shall override the minimum yard requirement.
- **E. More Restrictive to Apply:** Where a proposed use or development type abuts multiple use types or zoning districts along the same side or rear year[yard], the largest buffer will apply.
- **F. Buffer Location Restrictions:** Buffers shall not be located on any portion of any existing or proposed street right-of-way. Buffers shall be permitted to intersect utility easements or run parallel with them; however, they shall not be permitted to run linear with and superimposed on them.

- 2. Amend Section 15.2.5 Administrative Modifications and Substantial Changes as follows:
- D. **Substantial Changes.** Any substantial change to a Master Plan, major site plans, preliminary plat for a major subdivision as noted below shall be reviewed by the Planning Board. and approved or denied by the Board of Aldermen: Any substantial change to a Conditional District as noted below shall be reviewed by the Planning Board; the Planning Board will issue a written recommendation to the Board of Aldermen who will then approve or deny an amended Conditional District:
 - An increase in impervious surface.
 - A change in land use or development type beyond that permitted by the approved master plan or Plat.
 - The introduction of a new vehicular access point to an existing street, road or thoroughfare not previously designated for access.
 - Change in density: when there is an increase in the total number of residential dwelling units originally authorized by the approved Master Plan or Plat.
 - An increase of the total floor area of a commercial or industrial classification by more than 10
 percent beyond the total floor area. last approved by Board of Aldermen.
 - Any decrease in the setbacks greater than 10% from the originally approved Master Plan or Plat.
- 3. Amend Section 15.9.2 Major Subdivisions as follows:

15.9.2 Major Subdivisions.

The major subdivision review process is required for those divisions of land into eight (8) or more lots or which require dedication of public utilities and/or public streets. There are four tiers of major subdivisions.

Tier	Description	Process Type
Tier 1	0-14 lots	Administrative
Tier 2	15-30 lots	Administrative
Tier 3	31-60 lots	Quasi-judicial Special Use Permit
Tier 4	60 lots<	Quasi-judicial Special Use Permit.

- A. **Process Types:** Major Subdivisions are Administrative, unless the application seeks additional density (in accordance with Section 2.4.1) or creates 31 or more new lots (tiers 3 or 4) in which case the process type is a quasi-judicial Special Use Permit.
- B. **Pre-Application Procedure:** It is required that every applicant for a Major Subdivision meet with the Administrator in a conference prior to the submittal of an application. The purpose of this conference is to provide clarification and assistance in the preparation and submission of plats for approval. It is recommended that the applicant provide a sketch plan (15.4.2) and Environmental Survey (15.4.1) to the Administrator prior to or at the pre-application conference. The provision of a sketch plan will allow the Administrator an opportunity to review the proposal before the applicant expends funds on the preparation of a detailed Subdivision Plan.

- C. Required Application Information: Environmental Survey (15.4.1) and Preliminary Plat.

15.9.3 Preliminary Plats for Major Subdivision.

- A. Process Types: Administrative or Special Use Permit (see LDS Section 15.10).
- B. **Permit Required Before Any Land-Disturbing Activity:** No land-disturbing activity shall take place until a Preliminary Plat has been approved.
- C. **Required Application Information:** Environmental Survey (15.4.1) and Preliminary Plat (15.4.4) prepared by a registered land surveyor, licensed landscape architect or licensed engineer.
- D. **Determination of Completeness:** The Administrator shall review the application to ensure that it is complete, prepare a report and recommendation on the application, and schedule the matter for a public hearing before the Planning Board.
- E. **Public Notification:** None required.
- F. Neighborhood Meeting (15.3.7): Optional.
- G. **Public Hearing:** The Planning Board shall hold a hearing on the proposal. The applicant and other property owners likely to be materially affected by the application shall be given an opportunity to be heard.
- H. **Decisions/Findings of Fact:** Following the public hearing the board may approve, deny or approve with conditions the application for a Major Subdivision. No Major Subdivision shall be approved unless the commission finds each of the following facts to be true:
 - 1. The plan is consistent with the adopted plans and policies of the Town;
 - 2. The plan complies with all applicable requirements of this ordinance; and
 - 3. The plan has infrastructure as required by the ordinance to support the plan as proposed.
- I. Substantial Changes: Substantial Changes from the approved preliminary plat shall require additional review by the Planning Board. Substantial changes shall include redesign of streets, increasing the number of lots, altering the design of more than twenty (20) percent of the lots, and/or reducing the number of lots by twenty (20) percent. All other changes shall be considered minor modifications subject to review by the Administrator. See section 15.2.5.
- J. **Appeals.** An appeal of the decision to approve or deny a Preliminary Plat or a substantial change to an approved Preliminary Plat may be made by an aggrieved party to the Superior Court of Haywood County no later than thirty (30) days after the applicant receives the written copy of the decision.
- K. **Permit Validity:** Unless substantial work has commenced or a building permit has been obtained, approval of a preliminary plat expires two (2) years from the date such approval was granted.
- L. **Permit Extension:** The applicant may apply for an extension of the approval period. The Planning Board may approve an extension of the time required to file the final plat up to a total of five (5) years from the date the initial application was approved where warranted in light of all relevant

circumstances, including, but not limited to, the size and phasing of development, the level of investment, the need for the development, economic cycles, and market conditions or other considerations. No further development activity shall be performed until the new approval is issued.

Department:AdministrationContact:Rob HitesPresenter:Rob Hites

BRIEF SUMMARY: Following the direction of the Board Misty met with Department Heads to help her discover cuts in the proposed budget that would achieve a \$300,000 reduction in General Fund spending. We would rather reduce expenditures rather than make further appropriations from the General Fund Balance. I am including a list of cuts to the proposed budget. You will also find a draft of the proposed budget that includes the cuts.

MOTION FOR CONSIDERATION: Adopt the 2022-23 budget with any further direction from the Board.

FUNDING SOURCE/IMPACT: All

ATTACHMENTS: Draft of budget w/o the proposed cuts. List of proposed cuts.

MANAGER'S COMMENTS AND RECOMMENDATIONS I sent the Board a list of cuts last week to obtain your input. The budget that we will present Tuesday night will include those cuts. I have attached the final draft of the budget that reflects the cuts. Please consider the budget and reduction in General Fund and provide us with guidance. While our goal was to adopt the budget at this meeting, we still have the second meeting in June as a safety valve if you wish to continue discussion.

PROPOSED Annual Budget 2022—2023

BUDGET MESSAGE

2022-2023

May 10, 2022

The Honorable Mayor and Members of the Board of Aldermen Town of Waynesville.

In accordance with the provisions of the North Carolina General Statutes, your staff presents the proposed Municipal Operating and Capital Budget for Fiscal Year 2022-23.

INTRODUCTION

The 2022-23 proposed budget is heavily influenced by three financial trends, (1) the impact of the Covid Epidemic on the Town's user fees (recreation fees), utility collections and employee recruitment, (2) the dramatic increases in fuels and maintenance supplies as well as the rising cost of living and (3) growth in the regional economy including sales tax and final adjustments to the ad valorem tax base.

The approval of several medium size commercial and residential projects gives one the impression that the Town tax base and resulting revenues are growing. In fact, no project that has been approved since the Special Order of Consent (SOC) was executed on December 31st of 2020 has yet to break ground. As July approaches, we see very little chance that any of these projects will be far enough along to benefit Waynesville's tax base in 2023.

The Town's ability to hire and retain employees is being impacted by competition for jobs in the region. The market analysis that we carried out two years ago has been negated by inflation. Last year, the Town was only able to fund 40% of the market adjustment for all employees except Police. We are having problems recruiting service and maintenance related employees. The staff recommends that the Town bring its employees to the market salaries established in 2021. To ease the impact of inflation we also recommend a 2% cost of living increase for all employees.

The Town is very fortunate to have received \$3,231,911 in American Rescue Plan (ARP) funds. The stimulus has provided capital to replace a number of vehicles, carry out the Pigeon Street water line replacement and other projects that the

Page 2. 2022-23 Budget Message

Town would not have been able to afford without a considerable increase in ad valorem taxes. We will not get this type of revenue in the future. Ms. Hagood recommends that we reserve \$486,630 of our August/September allotment of ARP funds for next year's capital needs.

On a more positive note, the final ad valorem tax values provided by the County Tax Assessor are higher than we projected in the last budget year. Ms. Hagood estimates that our ad valorem revenue will increase by 13.1% over last year's estimate. Based on impressive increases in the Town's Sales Tax receipts we are estimating a 5% increase over current year actuals for FY 2022-23. On the negative side Ms. Hagood estimates a \$275,950 loss in Recreation Fees and \$129,000 loss in Commercial Garbage revenue. When we total the increases and decreases in the General Fund, we result in only a 1.4% increase in revenue over the past year.

BUDGET SUMMARY

Salaries and Benefits

45% of the Town's Budget is dedicated to the employment and retention of the Town's workforce. Once hired, it takes approximately six months to thoroughly train an employee. Properly training, compensating and retaining that employee increases the productivity of the entire workforce. The impact of the Covid Epidemic and demand for employees is forcing local governments across the State to increase their pay scales and benefit packages in order to attract and retain new employees.

In 2020 the Town conducted a pay and classification plan that established a "market rate" for our workforce based on the wage scales for eight Western local governments. The plan established higher starting salaries for entry level employees and a pay plan that would place employees at a proper level of compensation based on their tenure in their current position (not with their entire tenure in local government). The Board brought employees' positions to the level they would be paid when they enter their new position, brought the Police Department to 100% of the recommended tenure in their current positions and funded the remaining employees at 40% of the recommended rate based on their tenure.

For 2022-23 we recommend that the Board adopt pay adjustments that would provide a 2% cost of living adjustment (COLA) for ALL employees and complete the pay adjustments based on tenure in an employee's current position. This would increase employee's tenure adjustment from the 40% employees received in 2021-22 to 100% recommended in the pay plan. (The Police Department will not receive this increase since the Board adjusted their salaries to the 100% level in the current year's budget. We recommend that the market increases take effect on the first pay period in January of 2023. The impact of the COLA and market adjustment will increase the General Fund

Page 3.

2022-23 Budget Message

\$252,600, the Water Fund \$45,168, the Sewer Fund \$38,135, and the Electric Fund \$14,250 including benefits.

Career Track

We recommend that Career Track be funded at the same level as the current year with no modifications.

New and Reclassified Positions

The staff is not requesting any new positions or reclassifications within the Town workforce

Health Insurance

Our health insurance rate is tied to the Town's "medical loss ratio", the cost of the claims submitted by the employees and their families. The Town's experience rating and rate increases are evaluated annually. The insurance companies like "medical loss ratios stay less than 70%. Thanks to a healthy workforce our insurance rating is 64%. In light of our rating our health insurance carrier is NOT requesting an increase in insurance premiums for the upcoming year.

Worker's Compensation Insurance

The Town's worker's compensation insurance rates are set by the NC Insurance Commission, not by the insurance industry. The Town's worker's compensation claims have been in the acceptable range for the past year so NO increase in Worker's Compensation rates will be necessary.

Liability Insurance

We have not received a quote on property and liability insurance. We have budgeted no increase for the upcoming year.

FUND SUMMARIES

General Fund

Ad Valorem Taxes

Haywood County provides its municipalities with a tax scroll that lists the value of each tax payer's real and personal property. The Towns apply their tax rate to those values and calculates the taxes due to the Towns. Haywood County re-assesses its property every four years. We are in year two of an assessment cycle.

Page 4. 2022-23 Budget Message

The staff recommends an ad valorem tax rate of \$0.4592 per \$100 in value based on a tax base of \$1,355,268,987 in real and \$101,322,695 in personal property. This represents an increase of 2 cents from the current rate of \$0.4395. The State requires that local governments budget the percentage of taxes collected in the previous year. Waynesville's collection rate was 97.4% in 2021-22. We project the Town will collect \$6,514,000 or 97.4% of the Ad Valorem Tax Levy.

We recommend a \$17,377,874 General Fund operating budget for FY 2022-23. This represents a 1.4% increase from the FY 2021-22 budget. We have reduced our dependence on General Fund Balance (Savings) by \$222,742.

Downtown Municipal Service District

The Town established a "Downtown Municipal Service District" in 1986 in order to provide redevelopment and promotion of the Town's traditional central business district. The revenue derived from the MSD also funds the District's membership in the State and US Mainstreet program. Properties within the district pay an additional ad valorem tax in addition to the ad valorem taxes paid by the rest of the Town.

The current ad valorem tax on the Downtown Municipal Service District is \$.19 per \$100 of valuation. It is based on a tax base of \$56,012,316 and yields \$103,656.

In early 2022 the Board of Alderman reorganized the administration of the district by placing the staff, programing and accounting functions within the Town's organization. The Board created a 13- member committee that serves to advise the staff and Board on programs and policies of the Downtown Service District.

Water Fund

The staff recommends a budget of \$4,054,300 This represents an 8% increase from FY 2021-22. Due to decreases in both collections and consumption we recommend a 3% increase in Water Rates. The increase on an average water user's bill (5000 gallons per month) will amount to an estimated \$0.20 per month. The increase does not affect the base rate.

Page 5. 2022-23 Budget Message

Water Treatment

We recommend a \$1,718,972 budget to fund the operation of the Water Treatment Plant. This represents a \$583,487 increase from last year's budget. These increases are due to price increases in chemicals, supplies, salaries, and capital improvements.

Water Collection Line Service and Maintenance

We recommend a \$1,872,038 budget for FY 2022-23. This represents a \$252,187 decrease from the previous year. The decrease is due to completion of several capital projects that were funded through operating revenue in the previous year.

Water Fund Administration and Finance

The Water Fund contributes a portion of its revenue to the meter reading, billing, collection and accounting of its operation. The staff estimates the percentage of the Finance Department's operation dedicated to the Water Fund. For the upcoming FY 2022-23 budget year we recommend a \$460,290 budget. This represents a decrease of \$30,200 from the current year.

SEWER FUND

Sewer Plant Financing and Construction

The staff recommends a 10% increase in Sewer Rates beginning with the August billing period. The increase in rates is due to rate increases required as conditions to \$19,454,000 State Revolving Loan recently awarded to the Town. The loan carries a "0" percent interest rate over a 26- year period with \$500,000 in loan forgiveness.

The construction bids were opened in December. The low bid was \$28,440,000, \$8,980,000 over the s\$19,454,000 loan. Since the bids were opened, our engineers have worked with the low bidder to reduce the bid by altering the design plans. They have been able to reduce the bid price to \$23,600,000. We are negotiating several alternatives that must be acceptable to two different divisions of DENR, the Division of Water Infrastructure (DEI) and the Division of Environmental Quality (DEQ). The 1st alternative is to request that both divisions accept the value engineering redesign and project cost, award the Town a 10% increase in the \$19,454,000 loan amount and recommend an additional sum from the LGC that would fund the reduced construction bid. The 2nd alternative is to request that the State use its ARP allotment to fund the increased price of the redesigned plant and leave the \$19,454,000 loan in place. The 3rd path is to request DENR to use ARP funds to permit the Town to accept the original bid of \$28,440,000 and fund that amount over the Town's SRF loan.

Page 6. 2022-23 Budget Message

One of our major efforts has been to convince DENR to change our funding status to a "distressed facility" This change would move the Town from a group that has been allocated \$59 million to one that has been allocated \$159 million in ARP funds. The "distressed" designation would move the Town from a maximum \$5 million dollar grant to \$15 million. DENR has reviewed our status and agreed to change the Town to "distressed". We applied for the entire \$15 million dollar grant for the grant cycle that closed May 2nd. It is our goal to be capable of awarding a construction bid by midsummer using one of these alternatives. If we can achieve one of the three alternatives the impact on our rate payers should be a sewer bill of between \$45 and \$49 in 2029 for 5,000 gallons of use per month.

The Sewer Fund is made up of two operating divisions. Details of their major budget items are listed below.

Sewer Maintenance

We recommend a \$1,362,329 operating budget for this Division. The recommended budget represents a 10% increase over FY 2021-22. This increase is mainly due to inflow/infiltration projects and capital equipment that will be purchased. We are recommending \$540,000 in ARP funds to be used to remediate inflow and infiltration of storm water into the sewer collection system.

Sewer Plant

We recommend that the Board of Aldermen appropriate \$1,922,499 for operation and maintenance of the plant. This amounts to a 1.5% increase from last year's budget.

In late 2022 construction on the plant should commence. In the meantime, we have to maintain the present plant and meet the limits stated in our NPDES permit. The recommended budget is estimated to achieve these goals while not funding equipment that will be modified or replaced by the renovation of the plant.

ELECTRIC FUND

For FY 2022-23 we recommend an Electric Department budget of \$10,045,862. This represents a 6.4% decrease in the operating budget. We recommend at 5% increase in electric rates across all rate classes. This increase will not be applied to the base charges. The increase is due to reduction in electric consumption and losses due to the freeze on electric disconnects during the Covid epidemic. Many of the customers that have balances on their accounts have moved outside our service area and we will not be able to collect their prior balances resulting in an unrecoverable loss.

Page 7. 2022-23 Budget Message

The Board of Aldermen has recently amended the Fee schedule to create three new "rate riders" that provide incentives for customers to convert to solar technology. We recommend that the current "Residential Solar" rate be discontinued for customers that wish to connect after April 26th, 2022. Existing customers using the "Residential Solar" rate may continue with that rate or they may change their account to the new "Solar Residential Rate Rider". Should they transfer their account, they will not be permitted to return to the old account. The specifics of the new "Solar Rate Riders can be found in the "Electric Section" of the "Rates and Fee Schedule."

ASSET MANAGEMENT AND GARAGE FUNDS

The Asset Management Fund is an internal service fund that charges the various operating departments for services such as building maintenance, garage, and fuel purchase and distribution. We recommend a budget increase of \$95,376 or 3.7% primarily due to the increase in fuel costs and service and maintenance contracts.

RATES AND FEES

The budget proposal recommends a 3% increase in water rates across all rate schedules. It also recommends a 10% increase to Sewer rates in order to establish a fee schedule that will be able to fund the first year of debt service when the Sewer Plant is complete. This series of increases in the sewer rates are a requirement of our "State Revolving Loan Agreement". The proposed Electric Fund contains a 5% rate increase across all schedules. The increases above do not impact the "Base Rates" of the customer classes. The "Schedule of Rates and Fees" contains a number of changes to individual fees in all funds. Many have not been increased for over a decade. One such increase is a \$1 per month increase in Solid Waste pickup. Additions to the Electric Fund schedule of rate and fees are mentioned above.

Capacity Use Fees

In 2018-19 the Town adopted a schedule of "Capacity Use Fees" based on a study mandated by the General Assembly (HB 436). A certified engineering firm reviewed the Town's capital needs and weighed them against the Town's goal to keep its cost of service affordable. We have not increased the Town's Capacity Use Fees since 2019 and do not recommend an increase for the 2022-23 fiscal year.

Capacity Use Fees are based on the premise that users of Waynesville's waste treatment system purchase a portion of the plant's six-million-gallon capacity. The fees are based on a table of projected sewer use adopted by the Board. The fees fall below the "upper limit" of fees the Study indicated could be charged. The schedule of Capacity

Page 8 2022-23 Budget Message

Use Fees the Town adopted represents a "single fee system" that creates one schedule of fees for both In-Town and Out-of-Town users. Capacity Use Fees are calculated on a case-by-case basis. The calculations are based on the State's "NC Wastewater Flow Rates" (15A NCAC 02T .0114).

In order to insure that user/developers reserve their capacity in the Waste Treatment Plant they must receive approval for their development in accordance with the Town's Comprehensive Plan AND pay the system development fees at the time of approval. Should an owner/developer choose to abandon their project within three years of approval, the Town will refund their Capacity Use Fees. Failure to pay the fees may result in the user/developer not being guaranteed the capacity necessary to develop their project.

As the Town completes its renovation of the waste treatment plant and repairs areas of inflow and infiltration, the staff will request a consultant to recalculate the Capacity Use Fees for sewer treatment and collection system that will reflect the cost of repairing and replacing lines to reduce inflow/infiltration as well as the new debt that will be repaid over the next 26 years beginning in 2024.

CONCLUSION

The proposal that is before you represents a "program of work" that is experiencing both the positive and negative impact of a growing local economy, rebound from the Covid Epidemic, Inflation and changes in the use of Town facilities. These impacts are affecting all areas of the Town's operations, employee recruitment and retention, prices for fuel and supplies and waiting time for orders to be delivered. Ms. Hagood has studied the actual spending trends in the Town's organization and has produced departmental budgets that reflect the spending patterns of the last three years. This approach has helped limit the impacts of increased salaries and benefits, fuel and supplies. The proposed budget sets the stage for a two-year period of low to moderate growth as the Town absorbs the impact of both the growth as developments are completed and the rapid price increases in the local and national economy. The largest financial impact Waynesville will face in the upcoming year is the resolution of the funding of the Waste Treatment Plant and the Town's ability to satisfy the Western Office of DEQ that we have substantially reduced our inflow/infiltration issues. We have reached the maximum allotment of sewer capacity permitted under the Special Order of Consent (SOC) and the Western Office has notified us that they will not permit additional flows. This has the impact of a moratorium on new development in Waynesville, Lake Junaluska, Junaluska Sanitary District and the Town of Clyde. Single family houses on established lots will not be impacted by this action of DEQ but development requiring the subdivision of land will be restricted until the plant is completed in late 2024.

Page 9. 2022-23 Budget Message

Thanks to the ARP funds the Town will be able to carry out \$3,231,911 in capital spending that would normally rely on use of the fund balances in the four funds or short-term borrowing. We are recommending that \$486,629 of this summer's payment of ARP funds be reserved for the capital needs of the FY 2023-24 budget.

One of the Board's principal goals is to design, fund and construct a new fire station in Hazelwood. The proposal appropriates \$400,000 to retain an architect to begin the design process. As we move through the design, bidding and borrowing process it is vital that we retain a General Fund Balance that keeps the Town in the average range of its peer municipalities in order to qualify for the most favorable loan possible for our size Town. This will require that we retain approximately 42% of the operating budget of the General Fund. Since we will be financing the fire department it is critical that we set a limit on the project budget so that we can set a design budget for the architect and plan for the impact of the borrowing before we launch into the design process.

The budget has been drafted by our finance director Misty Hagood. She has brought over a decade of experience in municipal budgeting for Towns our size. The proposal that is before you represents a more refined approach to funding departments which has resulted in lower departmental budgets. We appreciate the time you provided us in our "Pre-Budget Workshop". We have taken your input and adjusted our proposal in line as per your instructions. We look forward to presenting the budget and providing any input you and the public wish to request.

Renewable Energy and Efficiency Portfolio Standards (REPS)

In 2007, the North Carolina General Assembly passed legislation that requires utility companies to develop an increasing supply of alternative energy resources, with 3% of their total supply coming from renewable by 2013 and 12% from renewable by 2021. Utility companies are charging their customers to recover the cost of the renewable energy they purchase. In turn the Town is passing along these costs to its customers. These charges (REPS) are set each December by our power supplier.

These rules apply to all meetings of the Town of Waynesville (the "Town") Board of Aldermen (the "Board"). For purposes of these rules, a meeting of the Board occurs whenever a majority of the Board's members gather, whether in person or simultaneously by electronic means, to conduct hearings, deliberate, vote, or otherwise transact public business within the Board's real or apparent jurisdiction. The term "majority" as used here and elsewhere in these rules means, unless otherwise specified, a simple majority, that is, more than half.²

N.C. Gen. Stat. § 160A-71 ("The council may adopt its own rules of procedure, not inconsistent with the city charter, general law, or generally accepted principles of parliamentary procedure.").

² N.C. Gen. Stat. §§ 160A-71(c) & 143-318.9, -318.18.

Part II. Quorum

Rule 2. Quorum

The presence of a quorum is necessary for the Board to conduct business. Rule 4. Remote Participation in Meetings.

No member who is not physically present for a Board meeting held pursuant to Rules 9, 10, or 11 may participate in the meeting by telephonic or electronic means⁵ except as allowed by a majority vote of the members physically in attendance and by using one of the following means: (i) conference telephone; or (iii) other electronic means. Any member who attends an in-person meeting telephonically or electronically pursuant to such means may take part in debate but shall not be counted toward a quorum or vote on any matter before the Board.

Upon being recognized at a duly called meeting of the Board, a member who wishes to be excused from voting shall so inform the presiding officer, who must then submit the matter to a vote of the remaining members present. If a majority of the remaining members present vote to excuse the member, the member is excused from voting on the matter.
- (2) On the Board's initiative. Even when a member has not asked to be excused from voting on a matter, a majority of the remaining Board members present may by motion and vote excuse the member from voting if grounds for doing so exist under paragraph (b).
- (d) **Consequence of Non-Excused Failure to Vote.** Except as specified in paragraph (e)⁷⁰, if a member who has not been excused from voting fails to vote on a matter, the member's failure to vote shall be recorded as an affirmative vote⁷¹ provided: (i) the member is physically present in the meeting chamber;

- or (ii) the member has physically withdrawn from the meeting without being excused by a majority vote of the remaining members present.
- (e) **Failure to Vote on Certain Zoning Matters.** A member's unexcused failure to vote on a motion concerning a proposal to adopt, amend, supplement, or repeal a zoning ordinance shall not be recorded as an affirmative vote. Instead, the member's unexcused failure to vote shall be recorded as an abstention.⁷²

Rule 29. Voting by Written Ballot

- (a) **Secret Ballots Prohibited.** The Board may not vote by secret ballot.⁷³
- (b) **Rules for Written Ballots.** The Board may decide by majority vote or unanimous consent to vote on a motion by written ballot. Each member must sign their own ballot, and the minutes must record how each member voted by name. The ballots must be made available for public inspection in the Town Clerk's office immediately following the meeting at which the vote took place and remain there until the minutes of that meeting are approved, at which time the ballots may be destroyed.⁷⁴

Rule 30. Substantive Motions

A substantive motion is not in order if made while another motion is pending. Once the Board disposes of a substantive motion, it may not take up a motion that presents essentially the same issue at the same meeting, unless it first adopts a motion to reconsider pursuant to Rule 31, Motion 14.⁷⁵

Rule 31. Procedural Motions

- (a) **Certain Motions Allowed.** The Board may consider only those procedural motions listed in this rule. Unless otherwise noted, each procedural motion may be debated and amended and requires a majority of votes cast, a quorum being present, for adoption.
- (b) **Priority of Motions.** The procedural motions set out in this paragraph are listed in order of priority. A procedural motion is not in order so long as another procedural motion of higher priority is pending, except that: (i) any procedural motion other than an appeal under Motion 1 is subject to amendment as provided in Motion 12; and (ii) a motion to call the question (end debate) may be made with regard to any procedural motion in accordance with Motion 9.

(c) Procedural Motions Allowed.

Motion 1. To Appeal a Ruling of the Presiding Officer. Any member may appeal the presiding officer's ruling on whether a motion is in order or on whether a speaker has violated reasonably standards of courtesy. The presiding officer's response to a question of parliamentary procedure may also be appealed by any member. An appeal is in order immediately after the disputed ruling or parliamentary response and at no other time. The member who moves to appeal need not be recognized by the presiding officer, and if timely made, the motion may not be ruled out of order.

Motion 2. To Adjourn. Any member may move to adjourn to close a meeting. A motion to adjourn is not in order if the Board is in closed session.

Motion 3. To Recess to a Time and Place Certain. Any member may make a motion to call a recessed meeting as permitted under Rule 12. The motion must state the time (including the date if the meeting will reconvene on a different day) and place at which the meeting will resume. The motion is not in order if the Board is in closed session.

Motion 4. To Take a Brief Recess. Any member may move to pause a meeting for a few minutes.

Motion 5. To Follow the Agenda. Any member may move to require the presiding officer to adhere to the agenda as presented where the presiding officer attempts to deviate from the agenda pursuant to Rule 16(c). The motion is not in order if no such attempt to deviate has occurred.

Motion 6. To Suspend the Rules. Any member may move to suspend these rules but may be adopted only with an affirmative vote of at least two-thirds (2/3) of the Board's actual membership, excluding vacant seats. The Board may not suspend any provisions in these rules that are required by state law.

Motion 7. To Divide a Complex Motion. Any member may move to consider and vote on parts of a complex motion separately. The motion must specify how the complex motion will be divided.

Motion 8. To Defer Consideration. Any member may move to defer the Board's consideration of a substantive motion, and any amendments thereto, to an unspecified time. A motion that has been deferred expires unless the Board votes to revive it pursuant to Motion 13 within 100 days of deferral. A new motion having the same effect as a deferred motion may not be introduced until the latter has expired.

Motion 9. To End Debate (Call the Previous Question). Any member may move to terminate debate on a pending motion, thereby bringing it to an immediate vote. This motion is not in order until every member has had an opportunity to speak once on the pending motion.

Motion 10. To Postpone to a Certain Time. Any member may move to delay the Board's consideration of a substantive motion, and any proposed amendments thereto, until a designated day, meeting, or hour. During the period of postponement, the Board may not take up a new motion raising essentially the same issue without first suspending its rules pursuant to Motion 6.

Motion 11. To Refer a Motion to a Committee. Any member may move to refer a substantive motion to a committee for study and recommendations. While the substantive motion is pending before the committee, the Board may not take up a new motion raising essentially the same issue without first suspending its rules pursuant to Motion 6. If the committee fails to report on the motion within 60 days of the referral date, the Board must take up the motion if asked to do so by the member who introduced it.

Motion 12. To Amend. Any member may move to amend an earlier motion under consideration by the Board. The motion to amend must concern the same subject matter as the motion it seeks to alter. No more than one motion to amend and one motion to amend the amendment may be pending at the same time. Any amendment to a proposed ordinance must be reduced to writing before the vote on the amendment.

Motion 13. To Revive Consideration. Any member may move to revive consideration of any substantive motion that was deferred pursuant to Motion 8, provided it does so within 100 days of the Board's vote to defer.

Motion 14. To Reconsider. A member may move to have the Board reconsider its action on a previously considered matter. The motion must be made: (i) at the same meeting during which the action to be reconsidered was taken; and (ii) by a member who voted with the prevailing side. For the purposes of this motion, "the same meeting" includes any continuation of a meeting through a motion to recess to a certain time and place pursuant to Motion 3. The motion is not in order if: (i) it is made by a member who voted with the non-prevailing side; or (ii) it interrupts the Board's deliberation on a pending matter.

Motion 15. To Rescind. Any member may move to have the Board rescind an action taken at a prior meeting provided rescission is not forbidden by law.

Motion 16. To Prevent Reintroduction for Six (6) Months. Any member may move to prevent the reintroduction of a failed substantive motion for a time, but it is in order only when made immediately following the substantive motion's defeat. To be adopted, this motion must receive an affirmative vote of at least two-thirds (2/3) of the Board's actual membership, excluding vacant seats. If the motion is adopted, the ban on reintroduction remains in effect for six (6) months or until the Board's next organizational meeting, whichever occurs first.

Part IX. Ordinances and Contracts

Rule 32. Introduction of Ordinances

For the purposes of the rules in this Part IX, the "date of introduction" for a proposed ordinance is the date on which the Board first votes on the proposed ordinance's subject matter.⁷⁶ The Board votes on the subject matter of a proposed ordinance when it votes on whether to adopt or to make changes to the proposed ordinance.

Rule 33. Adoption, Amendment, and Repeal of Ordinances

(a) Adoption of Ordinances.⁷⁷

- (1) Proposed ordinances to be in writing. No proposed ordinance shall be adopted unless it has been reduced to writing and distributed to members before a vote on adoption is taken.
- (2) Adoption on date of introduction. To be approved on the date of introduction, a proposed ordinance or any action having the effect of an ordinance must receive an affirmative vote of at least two-thirds (2/3) of the Board's actual membership, excluding vacant seats.
- (3) Adoption after date of introduction. To be approved after the date of introduction, a proposed ordinance or any action having the effect of an ordinance must receive affirmative votes equal to at least a majority of all Board members not excused from voting on the matter.
- (b) **Amendment and Repeal of Ordinances.** The same voting requirements that govern the adoption of proposed ordinances apply to the amendment or repeal of an ordinance.⁷⁸

Rule 34. Adoption of the Budget Ordinance

- (a) Special Rules for the Adoption or Amendment of the Budget Ordinance. Notwithstanding any provision in the Town Charter, general law, or local act:
 - (1) The Board may adopt or amend the budget ordinance at a regular or special meeting of the Board by a simple majority of those members present and voting, a quorum being present⁷⁹;

- (2) No action taken with respect to the adoption or amendment of the budget ordinance need be published or is subject to any other procedural requirement governing the adoption of ordinances or resolutions by the Board⁸⁰; and
- (3) The adoption or amendment of the budget ordinance and the levy of taxes in the budget ordinance are not subject to the provisions of any section of the Town Charter or local act concerning initiative or referendum⁸¹.
- (b) **Notice Requirements for Budget Meetings.** During the period beginning with the submission of the budget to the Board and ending with the adoption of the budget ordinance, the Board may hold any special meetings that may be necessary to complete its work on the budget ordinance. Except for the notice requirements of the open meetings law, which continue to apply, no provision of law concerning the call of special meetings applies during that period so long as: (i) each member of the Board has actual notice of each special meeting called for the purpose of considering the budget; and (ii) no business other than consideration of the budget is taken up.⁸²
- (c) **No Authority for Closed Sessions.** This rule shall not be construed to authorize the Board to hold closed sessions on any basis other than the grounds set forth in Rule 5.

Rule 35. Approval of Contracts and Authorization of Expenditures

- (a) **Contracts to be in Writing.** No contract shall be approved or ratified by the Town Board unless it has been reduced to writing at the time of the Board's vote. 83
- (b) **Approval of Contracts.** To be approved or ratified, a contract must receive affirmative votes equal to at least a majority of all Board members not excused from voting on the contract.⁸⁴
- (c) Authorization of Expenditure of Public Funds. The same vote necessary to approve or ratify a contract is required for the Board to authorize the expenditure of public funds, except when the expenditure is authorized pursuant to Rule 34.

Part X. Public Hearings and Comment Periods

Rule 36. Public Hearings

- (a) Calling Public Hearings. In addition to holding public hearings required by law, the Board may hold any public hearing it deems advisable. The Board may schedule hearings or delegate that responsibility to Town employees, as appropriate, except when state law directs the Board itself to call the hearing. If the Board delegates scheduling authority, it must provide adequate guidance to assist Town employees in exercising that authority.⁸⁵
- (b) **Public Hearing Locations.** Public hearings may be held anywhere within the Town of Waynesville or within Haywood County.⁸⁶
- (c) **Rules for Public Hearings.** The Board hereby adopts the following reasonable rules for the conduct of public hearings⁸⁷:
 - (1) Public Hearings shall be conducted by the Town Attorney.⁸⁸
 - (2) The Town Attorney shall determine first whether any individuals with standing to offer evidence or to contest or appeal the decision of the Board wish to make a presentation during the public hearing.
 - (3) Prior to opening any public hearing, the Town Attorney shall advise those in attendance of the rules to be followed if there are any individuals other than Town employees who will offer evidence or comment.
 - (4) The Town Attorney shall then administer oaths to any individuals offering testimony or evidence during the public hearing.
 - (5) The total time for a public hearing shall be limited to one (1) hour. The Board may, in its discretion, extend the time allotted for a public hearing by a majority vote of the members actually in attendance and not excused from voting.
 - (6) After opening the public hearing, the Town Attorney shall first recognize any Town employees to provide information concerning the subject matter of the public hearing.
 - (7) Following the presentation of any Town employees, the Town Attorney shall next recognize the applicant or petitioner, if any. The time allotted for the applicant or petitioner shall be limited to ten (10) minutes. The Board may, in its discretion, extend the time allotted for public comment

- by a majority vote of the members actually in attendance and not excused from voting.
- (8) Following the applicant or petitioner, if any, the Town Attorney shall next recognize any other individuals with standing. The time allotted for each individual with standing shall be limited to five (5) minutes. The Board may, in its discretion, extend the time allotted for individuals with standing by a majority vote of the members actually in attendance and not excused from voting.
- (9) Next, the Town Attorney shall recognize members of the general public who wish to make a comment during the public comment portion of the hearing.
- (10) Public comment during a public hearing shall be limited to thirty (30) minutes. Before making their remarks, individuals making a comment during this period shall provide their full name and their permanent residential address. Each individual shall be allowed no more than three (3) minutes to make their comments, and no person may speak more than once. The Board may, in its discretion, extend the time allotted for public comment, extend the time allotted for any individual, or allow an individual to speak more than once by a majority vote of the members actually in attendance and not excused from voting.
- (11) The Board may, in its discretion and by a majority vote of the members actually in attendance and not excused from voting, allow groups of aligned individuals who have retained a Licensed Professional to speak on their behalf during the public comment period to combine their allotted time to permit the professional to exceed the three (3) minute limit. No such professional, however, shall be permitted to speak longer than ten (10) minutes, regardless of the number of individuals represented. For the purposes of this section, a Licensed Professional shall mean an individual licensed in a learned profession (including, but not limited to, engineering, law, medicine, etc.) by the appropriate licensing body and authorized to practice within that profession in the State of North Carolina.
- (12) Individuals providing comment during the public comment period are permitted to express their concerns or opinions about the issues under discussion or share facts, data, or other information which may assist the Board in its deliberation, but they may not ask questions of the Mayor, Town Board, or Town officers or employees; make personal attacks on the applicant, petitioner, members of the Board or mayor, or any other persons which are not pertinent to the subject matter of the public hearing; or generally expound on matters which are wholly unrelated and irrelevant to the subject matter of the public hearing.

- (13) Following the conclusion of the public comment period, the Town Attorney may recognize a Town employee to provide additional information to address any concerns raised during public comment. The Town Attorney may then recognize the applicant or petitioner, if any, to provide a rebuttal to address concerns raised during public comment.
- (14) At the conclusion of the public hearing, the Town Attorney shall close the public hearing and turn the meeting back over to the mayor.
- (d) **Notice of Public Hearings.** Any public hearing at which a majority of the Board is present shall be considered part of a regular or special meeting. Consequently, the relevant notice and related requirements of the open meetings law, as set out in Rules 9 through 12, apply to such hearings. Some statutes mandate additional notice for particular types of hearings, and such notice must be provided together with notice of the meeting during which the hearing will take place.
- (e) **Continuing Public Hearings.** The Board may continue any public hearing without further advertisement to a time and place certain, provided the time (including the date, if the hearing will resume on a different day) and place of the continued hearing are announced in open session. Except for hearings conducted pursuant to subparagraph (g) below, if a quorum of the Board is not present for a properly scheduled public hearing, the hearing must be continued until the Board's next regular meeting without further advertisement.⁸⁹
- (f) **Conduct of Public Hearings.** At the time appointed for the hearing, the mayor shall designate the Town Attorney as the presiding officer who shall conduct the public hearing according to the rules adopted in subparagraph (c) above. Unless the Board extends the hearing, when the time allotted for the hearing expires, or when no one wishes to speak who has not done so, the Town Attorney shall declare the hearing closed, return the meeting to the mayor, and the Board shall resume the regular order of business. 90
- (g) **Public Hearings by Less Than a Majority of Board Members.** Nothing in this rule prevents the Board from appointing a member or members to hold a public hearing on the Board's behalf, except when state law requires that the Board itself conduct the hearing.

Rule 37. Public Comment Periods

⁸⁹ N.C. Gen. Stat. § 160A-81.

This subparagraph as written deviates from the model language recommended by the School of Government which is: "At the time appointed for the hearing, the *mayor* shall call the hearing to order and proceed to allow public input in accordance with any rules adopted by the Board for the hearing. Unless the Board extends the hearing, when the time allotted for the hearing expires, or when no one wishes to speak who has not done so, the *mayor* shall declare the hearing closed, and the Board shall resume the regular order of business."

- (a) **Frequency of Public Comment Periods.** The Board must provide at least one opportunity for public comment each month at a regular meeting, except that the Board need not offer a public comment period during any month in which it does not hold a regular meeting.⁹¹
- (b) **Rules for Public Comment Periods.** The Board hereby adopts the following reasonable rules for the conduct of public comment during regular meetings⁹²:
 - (1) At the beginning of each⁹³ regularly scheduled meeting, the Board will allow public comment.
 - (2) The maximum time allotted for all comments from the public shall be thirty (30) minutes, and the maximum time allotted for any individual to make comments shall be three (3) minutes. No individual may speak more than once. The Board may, in its discretion and by a majority vote of the members actually in attendance and not excused from voting, increase or decrease this period or, if all other persons have spoken, permit any individual to speak longer than their allotted time or more than once, based upon various factors, such as: the length of the meeting agenda; the time required to address the normal business on the agenda; whether a closed session is scheduled; whether one or more of the Board members are unable to remain past a certain time; or any such other reasonable grounds to alter the time provided for public comment.
 - (3) Before any meeting including a public comment period is called to order, any individual may request to speak during the period by submitting a fully completed written request card supplied by the Town to the Town Clerk.
 - (4) A written request shall not be fully completed unless the individual provides their name, permanent residential address, and telephone number, as well as the general topic of their remarks.
 - (5) The Town Clerk shall reject any written requests which are not fully completed and shall mark all fully completed requests with a number corresponding to the order in which it was received.
 - (6) During that portion of the meeting designated for public comment, the mayor shall recognize the individuals who wish to speak in the numerical order shown on the fully completed request cards provided by the Town Clerk.
 - (7) Individuals providing comment during the public comment period are permitted to express their concerns or opinions about any matter under discussion or share facts, data, or other information which may assist the Board in its deliberation, or on any subject within the Board's real

or apparent jurisdiction, but they may not ask questions of the Mayor, Town Board, or Town officers or employees; make personal attacks on the members of the Board or mayor, or any other persons; or comment upon matters which are not pertinent to a subject within the Board's real or apparent jurisdiction; or generally expound on matters which are wholly unrelated and irrelevant to the Board's real or apparent jurisdiction.

- (8) The Town Attorney shall keep time for each individual and for the total time of the public comment period.
- (9) The Board may decline to take action on a request presented during the public comment period. The Board also may refer the matter to the Town Manager, the Town Attorney, or another appropriate individual for investigation, action, or for future report back to the Board.
- (c) Content-Based Restrictions Generally Prohibited. The Board will not restrict speakers based on the subject-matter of their remarks, as long as their comments pertain to subjects within the Board's real or apparent jurisdiction.

Part XI. Appointments and Appointed Bodies

Rule 38. Appointments

- (a) **Appointments in Open Session.** The Board must consider and make any appointment to another body or, in the event of a vacancy on the Board, to its own membership in open session.⁹⁴
- (b) **Nomination and Voting Procedure.** The Board shall use the following procedure to fill a vacancy in its own membership or in any other body over which it has the power of appointment.
 - (1) The Town shall call for applications from the public to fill any vacancies, specifying any eligibility requirements in the notice.
 - (2) The Town Clerk or the Assistant Town Manager shall review all applications received to determine whether the applicants meet the eligibility requirements specified in the notice and shall compile a list, together with the full applications, of all eligible applicants which shall be provided to the Board with the agenda for the meeting where the appointment(s) will be considered by the Board.
 - (3) Voting may occur by acclimation where the number of eligible applicants to be considered by the Board is less than or equal to the number of vacant seats to be filled.
 - (4) In all other circumstances, voting shall occur by written ballot according to Rule 29, and each Board member actually present and not otherwise excused from voting shall vote to appoint one (1) person for each vacancy to be filled.
 - (5) The Board may vote to fill multiple vacancies on a single body on one (1) ballot.
 - (6) The Town Clerk or the Assistant Town Manager shall collect and tally the written ballots, keeping a record for the minutes of how each member voted, and then they shall announce the total votes for each applicant from all ballots.
 - (7) Where the Board considers multiple vacancies on a single body, if no applicant receives a majority vote for one or more vacancies, then the Town Clerk or Assistant Town Manager shall announce: (i) any vacancy which was filled and the applicant to be appointed; (ii) the number of vacancies which were not filled; and (iii) the applicants who were not appointed in order of most votes received to least. The Board shall then complete successive rounds of ballots according to this procedure until all vacancies are filled.

-

⁹⁴ N.C. Gen. Stat. § 143-318.11(a)(6).

- (8) At the conclusion of voting, the mayor shall call for a vote to confirm the appointments to the body consistent with the outcome of the written ballots.
- (c) **Mayor.** The mayor may vote on appointments under this rule.
- (d) **Duty to Vote.** It is the duty of each member, other than the mayor, to vote for as many appointees as there are appointments to be made, but failure to do so shall not invalidate a member's ballot.

Rule 39. Committees and Boards

- (a) **Establishment and Appointment.** The Board may establish temporary and standing committees, boards, and other bodies to help carry on the work of Town government. Unless otherwise provided by law or the Board, the power of appointment to such bodies lies with the Board.⁹⁵
- (b) **Open Meetings Law.** The requirements of the open meetings law apply whenever a majority of an appointed body's members gather in person or simultaneously by electronic means to discuss or conduct official business. They do not apply to meetings solely among the Town's professional staff.⁹⁶
- (c) **Procedural Rules.** The Board may prescribe the procedures by which the Town's appointed bodies operate, subject to any applicable state law.

⁹⁵ N.C. Gen. Stat. § 160A-146.

⁹⁶ N.C. Gen. Stat. § 143.318.10(c).

Part XII. Miscellaneous

Rule 40. Amendment of the Rules

These rules may be amended at any regular meeting or at any properly called special meeting for which amendment of the rules is one of the meeting's stated purposes. Any amendment to these rules must be consistent with the Town Charter, any relevant statutes, and generally accepted principles of parliamentary procedure. To be adopted, a motion to amend these rules must be approved by a majority of the Board's members, excluding vacant seats.

Rule 41. Reference to Robert's Rules of Order Newly Revised

The Board shall refer to *Robert's Rules of Order Newly Revised* ("*RONR*") for guidance when confronted with a procedural issue not covered by these rules or state law. Having consulted *RONR*, the mayor shall make a ruling on the issue subject to appeal to the Board under Rule 31, Motion 1.

Part III. Additional Rules for Public Bodies

Rule 42. Selection and Role of a Chair and Vice Chair

- (a) **Selection of a Chair.** Each Public Body may select from among its members an individual to recommend to the Board of Aldermen to be appointed as Chair. The Board of Aldermen may, in its discretion, accept the recommendation of the Public Body but shall not be bound by it.
- (b) **Selection of a Vice Chair.** Each Public Body may select from among its members an individual to recommend to the Board of Aldermen to be appointed as Vice Chair. The Board of Aldermen may, in its discretion, accept the recommendation of the Public Body but shall not be bound by it.

(c) Role of the Chair.

- (1) Presiding Officer. The chair of each Public Body shall preside at all meetings of that Public Body.
- (2) Right to Vote. The chair shall have the right, but not obligation, to vote on all matters before the Board.
- (3) Recognition of Members. A member should be recognized by the presiding officer prior to addressing the Board, but recognition is not necessary for an appeal pursuant to Rule 31, Motion 1. The presiding officer must recognize any member who seeks the floor and is entitled to it.
- (4) Powers as Presiding Officer. The presiding officer will enforce these rules and maintain order and decorum during Board meetings and, as a result, may:
 - Rule on points of parliamentary procedure, to include ruling out of order any motion clearly offered for obstructive or dilatory purposes;
 - ii. Determine whether a member or other speaker has gone beyond reasonable standards of courtesy in their remarks and entertain and rule on objections from other members on this ground;
 - iii. Entertain and answer questions of parliamentary procedure;
 - iv. Call a brief recess at any time;
 - v. Adjourn the meeting without motion or vote of the Board in an emergency; or
 - vi. Take any such other proper or necessary action permitted by Robert's Rules of Order, Newly Revised.

- (5) Appeals of Procedural Rulings. A member may appeal a decision made or answer given by the presiding officer under subparagraph (c)(4)i., ii., or iii. in accordance with Rule 31, Motion 1.
- (6) Definitions. For the purposes of Rule 42(c), the following definitions will apply:
 - i. The term "recess" shall mean a short intermission in the Board's meeting, commonly of only a few minutes, which does not close the meeting and after which business will immediately be resumed at exactly the point where it was interrupted.
 - ii. The term "emergency" shall embrace and include any circumstance or condition which endangers the health or well-being of the Board or those other persons in attendance at the meeting, including, but not limited to, fire, riot, explosion, spread of poisonous gas or effluent, or the threat of any of any dangerous circumstance or condition which the presiding officer reasonably believes to be legitimate.

(d) Role of the Vice Chair.

- (1) Presiding in the Chair's Absence. In the event of the chair's absence from a meeting of the Public Body, the vice chair shall preside with all the powers specified in Rule 42(c).
- (2) Duty to Vote. The vice chair has a duty to vote on all matters before the Public Body even when serving as the presiding officer for the meeting unless they have been excused from voting on a matter according to Rule 28.

Rule 43. Other Presiding Officer

If both the chair and vice chair are absent, the Public Body may elect from among its members in attendance a temporary presiding officer to chair the meeting. While serving as temporary presiding officer, a member has the powers listed in Rule 42(c). Service as a temporary presiding officer does not relieve that member of the duty on all questions unless excused from voting pursuant to Rule 28.

Rule 44. When the Presiding Officer is Active in Debate

BRIEF SUMMARY:

We have several Advisory Board and Commission members whose terms will be expiring on June 30. The full applications for each applicant have been included in the agenda packet. These applications include individuals who have recently applied, as well as individuals who have applied in the past who are still interested in serving on different Advisory Boards or Commissions.

These Boards and Commissions are the Waynesville Housing Authority, Planning Board, Zoning Board of Adjustment, and the ABC Board. We have no vacancies on the Waynesville Housing Authority. We are seeking guidance as to when the Board of Aldermen wishes to convene for a special called meeting in order to interview the candidates for these Boards and Commissions. The Town of Waynesville Board of Aldermen

From:

Donald J. McGowan

Subject:

Request to Continue to Serve on Planning Board

Date:

May 26, 2022

My term on the Planning Board is scheduled to conclude on June 30, 2022 and I am requesting that the Board consider renewing same for an additional three years.

It has been my pleasure to serve on the Planning Board for the last three years. During that period of time, we have developed a new comprehensive land use plan, developed new ordinances that define the operation of differing types of shelters in the community, and guided the town through a period of extraordinary growth and development pressure while dealing with the exigencies of 160D. I currently serve on the Subdivision Ordinance subcommittee of the Planning Board that is putting the final touches on new ordinances that, with Board of Aldermen approval, will be critical in shaping future large subdivision development.

As the current demographic wave continues to cascade over us, both from Asheville and out of state migration, the tension in the community from those that want no growth and NIMBYISM needs to be counter balanced with a sensitivity to providing desperately needed market rate and affordable workforce housing while at the same time growing our tax base. I look forward to continuing to work with the Planning Board and the Board of Aldermen in striking that balance.

Donald J. McGowan Biography

Donald J. McGowan is a national award-winning community bank President and CEO with a highly distinguished 45-year banking career. He has specialized in small business banking, strategic planning, product development, creating affordable housing financing solutions, and loan and credit administration.

McGowan has remained actively engaged in a number of professional and community organizations throughout his career:

After retiring to Waynesville, NC he is on the Planning Board of the Town of Waynesville, a Commissioner of the Waynesville Housing Authority, Founder and Past Chairman of the Smoky Mountain Housing Partnership, Founder of the SW North Carolina HOME Consortium (which has received over \$2million in funding from HUD) and Director of the Canopy Foundation. He was the recipient of the Sister Barbara Sullivan Award from the North Carolina Housing Partnership as Volunteer of the Year for finding viable solutions for improving housing conditions for low-income individuals.

In Massachusetts, he served as the Chairman of the Massachusetts Bankers Association, Chairman of the Massachusetts Biotechnology Research Institute, Chairman of the Alliance for Education, Chairman of the Massachusetts Housing Partnership, Chairman of Community Healthlink. He was also a Director of Commonwealth Bioventures, Memorial Hospital and the HMO HealthSource of Massachusetts. He was named "Business Person of the Year" by the Worcester Business Journal, "Citizen of the Year" by the Worcester Telegram and Gazette and received the prestigious "Torch Award for Commitment to the Community" by the Better Business Bureau.

In Florida, McGowan served on the Government Relations Committee of the Florida Bankers Association, Director of Leadership Winter Park, Riverside Theater, the Environmental Learning Center, National Entrepreneur Center and Vice Chairman of the Small Business Development Center at the University of Central Florida.

He is a graduate of Dowling College with a BBA, attended Boston University MBA program, and is a graduate of the Stonier Graduate School of Banking at Rutgers University. He served in the U. S. Navy.

McGowan's professional accomplishments include:

President and CEO of BankFIRST in Winter Park, Florida from 2003 until the sale of the bank to Seacoast National Bank in November, 2014. Under his management the bank grew from \$220million in assets to \$700million with 12 offices located in Orange, Lake, Seminole, Brevard and Volusia counties. BankFIRST was the largest SBA lender in Central Florida and had been named "Best Community Bank in Central Florida" by the readers of the Orlando Business Journal.

Previous to BankFIRST, McGowan was the Founder, Chairman and CEO of Flagship Bank and Trust Company, headquartered in Worcester, Massachusetts from 1987 until the sale of the bank in 2002 to the Chittenden Corporation in Burlington, Vermont. Flagship had \$400 million in assets and six offices located in Worcester County. Flagship Bank was recognized as one of the most successful denovo banks in the country specializing in serving small and medium size businesses.

Flagship was the leading Small Business Administration lender in Massachusetts. Under McGowan's leadership Flagship won the highest national banking award for product development for its SBA program, which led to McGowan being named the "National Small Business Financial Services Advocate of the Year" by the U.S. Small Business Administration. McGowan also won a second "Golden Coin Award" from the Bank Marketing Association for his socially responsible banking program called the "Worcester Fund".

Previous to Flagship Bank, McGowan held other senior executive banking positions in Massachusetts and Florida. He served as the President of the Central Massachusetts Region of Bank of Boston, was the President and CEO of FinancialFed Mortgage Corp. and concurrently the Chief Loan Officer for its parent company, Financial Federal Savings and Loan Association in Miami Lakes, Florida. He was the Senior Vice President for Strategic Planning and Corporate Development for the Conifer Group, a \$4 billion community bank holding company in Worcester, Massachusetts. McGowan started his banking career in the management training program of Marine Midland Bank, New York, NY where he became a Regional Commercial Loan Officer responsible for commercial lending in the eastern part of Long Island.

Don McGowan and his wife Geri reside in Waynesville, North Carolina.

TOWN OF WAYNESVILLE BOARD OF ALDERMEN REQUEST FOR BOARD ACTION Meeting Date: 6/14/2022

SUBJECT Conveyance of property to NC DOT along the right of way adjacent to the BiLo Apartments

AGENDA INFORMATION:

Agenda Location: Item Number:

Department: Administration

Contact: Rob Hites Presenter:

Rob Hites

BRIEF SUMMARY: One of the terms of our agreement with Tribridge LLC (BiLo Apartments) was that they would convey the Town a part of the right of way that would be conveyed to DOT for the Russ Avenue Project. The parcel includes a small parcel (outlined in green) purchased as a part of the permanent right of way and a second larger parcel (outlined in orange) that DOT would use as a construction easement. Once the project is complete the construction easement will revert back to the Town. The property is located along the stream buffer of Richland Creek and crosses the entrance to the current BiLo shopping center (see map). The DOT right of way agent used an appraised value of \$550,000 per acre as his value for surrounding property. His offer is based on the percentage of the appraised value. He is offering \$5,000 for the permanent conveyance and \$6,800 for the temporary easement, totaling \$11,800.

MOTION FOR CONSIDERATION: Approve the conveyance of the property and granting of a construction easement to the NC DOT at the Tribridge Apartment site.

FUNDING SOURCE/IMPACT: General

ATTACHMENTS: Deed, Offer, Maps

MANAGER'S COMMENTS AND RECOMMENDATIONS The property requested by NC DOT would not be used by the Town for a public purpose. The parcels will be used in the Russ Avenue improvement project due to be bid in May of 2023. I recommend that the Board approve DOT's offer.

TOWN OF WAYNESVILLE BOARD OF ALDERMEN REQUEST FOR BOARD ACTION Meeting Date: 6/14/2022

SUBJECT: Change in "Tentative Award of Waste Treatment Plant contract

AGENDA INFORMATION:

Agenda Location: New Business

Item Number:

Department: Administration
Contact: Rob Hites
Presenter: Rob Hites

BRIEF SUMMARY:

At your last meeting you adopted a "Tentative Award of Contract" to Harper Construction Company. Harper has re-estimated the cost of the value engineered plant and increased the contract price to \$25,495,000 or an increase of \$1,475,800. We will need to amend our "Tentative Award of Contract" to reflect the increase. The State told McGill that they would not increase their Loan offer beyond \$5 million so in order to fill in the gap we recommend you use your fund balances. The grant committee will meet the second week in July to make awards for infrastructure applications. We have applied for the total grant amount of \$15 million. Should be received six or seven million in grants we would not have to use the fund balance. If we receive all \$15 million, we would be able to fund the plant as originally designed including the increases without any contribution from the fund balances. Should we have to resort to the fund balance, we would go to the private market and borrow the funds to reimburse the fund balance. You will find a new "Tentative Award of Contract and a Reimbursement Agreement that would permit us to reimburse ourselves. McGill's letter of explanation is also included

The real issue is the Local Government Commission meets the first week in July and the grant committee meets the second week, Ag so we need the loan in place in case we need all or some of it.

MOTION FOR CONSIDERATION:

Amend the "Tentative Award of Contract to reflect a contract amount of \$25,495,000.

FUNDING SOURCE/IMPACT: Sewer Fund

ATTACHMENTS: McGill Engineer memo explaining the increase in contract.

MANAGER'S COMMENTS AND RECOMMENDATIONS While this in not good news it was not unexpected. The increase in concrete and steel has increased dramatically so we didn't expect Harper to hold its December 7th prices. Their value engineering quote is two months old, and Harper had to recalculate the project cost. You can view the increases in major items on McGill's attachment. What I would like to see is the LGC awarding us \$5 million in a State Revolving Loan and the grant would make up the difference in the increase in project cost. The Division of Water Quality wants the Town to stick with the more expensive original design so the grant committee could grant us the total \$15 million to build the plant as originally bid. As you can tell there is a lot of items in motion.

Subject: Waynesville WWTP - May 2022 Cost Update

Mark,

We have completed our review and pricing update based on the conformed plans received on 4/22/22 (we have not yet analyzed the conformed drawings sent by MJ on 5/25/22). Based on the conformed plans and revised pricing from all our trade partners, we have reached a total project cost of \$25,495,000.00 for the

Waynesville WWTP - May 2022 Cost Update. Based on the latest VE document, the total project cost was expected to be \$23,988,440.00. Our pricing is approximately 6% higher than expected. Here is a summary explaining the delta between the project costs:

- The \$25,495,000.00 does not include Value Engineering options that were not included in the conformed plans.
 - o See attached VE spreadsheet for an additional \$250,789.00 in project savings that are still available.
- During our estimate revisions we received updated pricing for each scope of work, some of which increased due to escalation and some decreased based on more detailed design. Below are general summaries of the major cost changes:
 - Scopes that increased due to escalation: site demolition & grading (6%), asphalt paving (16%), concrete & rebar (7%), miscellaneous metals (6%), membrane roofing (60%), slide gates (18%), perforated plate screens & grit system (13%), rectangular clarifier equipment (23%), aeration basin equipment (31%), submersible pumps (9%), pre-engineered metal buildings and FRP building (6%), SCADA materials (3%), pipe & valves & supports (4%), electrical wire/gear/conduit (2%), belt filter press rehab (2.1%).
 - Scopes that decreased due to detailed engineering in the plan set: stone material (-25%), overhead doors (-45%), RAS/WAS pumps (-6%), HVAC equipment (-12%).

As you are probably aware, individual areas within the market have been subject to changing by 10%-25% within a couple weeks. We originally bid the project on December 7, 2021 and even through the VE efforts, the pricing and savings were based off of original bid day pricing. Therefore, an overall delta of ~6% compared to the expected VE'd project cost over 6 months is low compared to what we would typically expect over a 6 month period. We will continue to develop the Value Engineering list and add additional options and cost breakdowns to help make this project move forward. Also attached is a summary of clarifications related to the project that we have priced. Many accepted VE changes were related to the specifications, so we wrote out clarifications to make sure everyone is on the same page regarding the project scope. Let us know if you have any questions.

Thanks,

More than anything, we bear trust.
