Subject: Jesse Fowler - Why is your name in Bold?

Jesse Fowler, are you unsure as to why your name is in **bold**?

[**Editor's Note:** Legend: If any name is in **bold**, it can't be a good thing.]

It's the no parking sign you and **Ed Smathers** had Chris Synder have placed by **Jeff Stines** and the **Board of Aldermen** install at the end of Johnson Hill Drive, facing towards the dead end portion of the road.

You had this sign placed at the end of Johnson Hill Drive to deliberately screw up the lives of Lois Hollis and Joe Lipari, so that if they every had to park in the street at the end of a dead end street, **Ed Smathers**, **Dennis** and **Sharon Ramsey** would mercilessly and unrelentingly call police time and again to have the Waynesville Police Department issue citations.

Here is an email from Lois Hollis to me outlining the whole sordid affair with you, **Ed Smathers** and Chris Synder conspiring your plot.

Monroe,

This begins a series of articles about an epoch case of Intimidation and Abuse of Power on a Galactic Scale

The TRUTH about the NO Parking Sign is Jessie Flower and Ed Smather went to see Chris Synder at the Road Dept. and told Chris "to post a no parking sign at the location that it is posted on Johnson Hill Road." Ed Smathers wanted to abuse and cripple Lois Hollis and especially Joe Lipari because of his 70% disability with limited balance and the danger of Joe falling down the back stairs.

Ed Smathers announced that the no parking sign said that Joe and Lois would get a police ticket if they or anyone parked at their driveway to unload groceries or any other supplies. No workman could deliver their new refrigerator or any other service to 156.

Jessie Fowler denies this, but he told me that "I did not have a right to my front door, and I did not need my front door. I have a door at the end of my property."

I begged Jessie to let me use my front door. For 3 months Ed Smathers and Jessie Fowler would not let Joe and Lois use their front door or stop on the road to unload groceries or to pick up their mail. Lois went to the post office to pick up their mail.

When Lois would use her front door Ed Smathers and Dennis Ramsey threw rocks at her. Often dog poop was placed by her front door.

Police reports verify these actions, but I do not have pictures of Ed and Dennis doing these things. I did not want to take a pic while someone was throwing rocks at me. I do have evidence that the rocks that missed me hit the metal pieces on top of 146 fence.

all my best

Lois

You S.O.B.

Well, this went to **Jeff Stines**, who concocted some phoney-bologna photo of a Waynesville garbage truck having a problem negotiating somewhere on Johnson Hill Drive, then sent a motion over to the Aldermen who pencil whipped an order to place the No Parking sign. So, let's recap the folks in **bold** -

- **Jesse Fowler**
- **Ed Smathers**
- **Jeff Stines**
- **Gary Caldwell**
- **Jon Feichter**
- **Julia Freeman**
- **Chuck Dickson**
- **Anthony Sutton**
- **Dennis and Sharon Ramsey**

Fast Forward to 4/22/2022, where your pal, **Ed Smathers**, assaulted Lois Hollis in front of his house.

[.mp4. Hey, Zeb Smathers! Check out this newly released, full 120 second, video of Ed Smathers assault on Lois Hollis. You got your work cut out for you defending this piece of work. Say Zeb, are you related to Ed? 7/2/2022...](#)

Ed Smathers is currently scheduled for his next appearance in court on 9/12/2022, and it is not looking to good. Either some jail time, a long probation period, or both. **Ed Smathers** is currently being represented in court by **Zeb Smathers**, a bottom feeding lawyer, who is also Mayor of Canton. Say, are **Ed** and **Zeb** related?

If it is not brought out in court what you have had to do with this fiasco, don't worry, I'll put it on my website so the people in South Africa will be able to read all about your involvement.

[**Editor's Note:** I was minding my own business, giving a deposition against **Debby King** in **Rusty McLean's** office, and **Rusty** was curious about my website. "You mean they can see what you have on your website all the way down in South Africa?". It was like a revelation to **Rusty**.]

So, here is a one (1) time offer to remove someone's name from **bold!**

Be the first to send an apology to Lois Hollis and Joe Lipari, and make it so the No Parking sign, the one facing the end of the dead end street on Johnson Hill Drive disappears, and I will remove your name from being in bold.

[**Editor's Note:** DISCLAIMER. Not to say if the winner does something else stupid, it won't immediately go back to being in **bold.**]
