January 4, 2022

Dear EDC Board Member,

As you know, COVID-19 brought changes and disruptions to the world and Haywood County was not immune to the effects of the virus and the uneven economic side effects.

As we begin, the post pandemic recovery, the Chamber and the County wish to create a new economic development board to reflect the current challenges of workforce, affordable housing and broadband.

The Haywood County Commissioners would like to take this opportunity to thank you for your service to the Economic Development Council. In the coming weeks, the County will announce a new board reorganization. The Commissioners will be accepting applications for at large members and you are welcome to apply.

We appreciate your service over the past few years and if you have any questions please don't hesitate to contact us.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jason Walls".
